The new company holds in fee or through ownership of all or practically all the stock of the independent companies, the line from New York to Chicago (including the Nypano RR. and Chicago & Erie companies) and also all branch and subsidiary lines except a few small properties. The reorganization plan of 1895 was in V. 61, p. 368.

In January, 1898, control of the N. Y. Susquehanna & Western was obtained. The road is operated as an independent line.—V. 66, p. 83, 335, 573, and editorial p. 53. See Stock below.

In March, 1901, nearly entire stock of Pennsylvania Coal Co. was acquired, the purchase including valuable coal mines, Erie & Wyoming Valley RR., Scranton, Pa., to Lackawaxen, 64 miles, 48 miles of gravity road with terminus at Hawley, Pa., and the Hawley branch, 13 miles, formerly leased to the Erie. See Bonds below.—V. 71, p. 1219, 1311; V. 72, p. 44, 136, 241, 532, 627; V. 73, p. 398. In 1900-1 an interest in the stock of the Lehigh Valley RR. was purchased.—V. 73, p. 391.

Coal and Steamboat Property.—The *Erie* coal properties represent an aggregate of 10,500 acres of anthracite, of which about 9,000 acres are held in fee; also 53,000 acres of bituminous coal

Erie Railroad.—CONCLUDED.

lands held in fee 14,000 acres of bituminous held under mineral rights. Its coal tonnage in the year 1900-01 aggregated 12,274,207, out of the 25,999,602 tons hauled. The Union Steamboat Co. has its terminal and other properties in Buffalo and a fleet of eight lake steamers. See V. 63, p. 514. The *Pennsylvania* coal properties acquired in 1900 are additional. See above.

STOCK.—The *stock* is to be held by J. Pierpont Morgan, Louis Fitzgerald and Charles Tennant. Bart., voting trustees, for five years, and thereafter until the new first preferred stock shall have received 4 per cent cash dividend in one year. The new company reserves the right to redeem either class of its preferred stock at par in cash. Provisions of voting trust and preferred stock certificate were given in SUPPLEMENT of April, 1897, page 3.

In Mar., 1898, Erie 1st pref. stock was increased from $30,000,000 to $43,000,000, and common stock from $100,000000 to $113,000,000, to acquire New York Susq. & Western stock.—See V. 66, p. 335, 573. The 1st pref stock was further increased in 1901 $5,000,000 in connection with the purchase of the Pennsylvania Coal Co. V. 72, p. 136.

DIVIDENDS.—First semi-annual dividend on 1st pref., 1½ p. c., from earnings of six months ending June 30, 1901, was paid Aug. 30, 1901.—V. 73, p. 137.

BONDS.—The new first consolidated mortgage is for $175,000,000 [Farmers' Loan & Trust Co. trustee]—see abstract of deed V. 62, p. 89, and secures $35,000,000 prior lien and $140,000,000 general lien bonds. Of the $140,000,000 *general lien bonds*, $91,003,000 are reserved for the ultimate acquisition of bonds and guaranteed stocks left undisturbed on various parts of the system [see list V. 62, p. 89], and $17,000,000 were reserved for new construction, betterments, additions, etc., after 1897, under carefully guarded restrictions, not over $1,000,000 to be used in any one year.

The position of the first consolidated mortgage is substantially as follows: It is a first lien [mortgage or collateral, the prior lien bonds, however, preceding the general lien bonds] upon the company's chief coal properties (except Penn. Coal Co.) upon its water transportation lines, including valuable terminal properties appurtenant thereto, and upon a number of profitable local lines in New Jersey and near Buffalo; it is a *second lien* upon certain minor coal properties and upon the railroads leading to all the coal properties, upon the terminals at Jersey City, upon the Buffalo New York & Erie Railroad (the main line to Buffalo) and the Buffalo terminal properties other than those upon which it is first lien, and upon the entire line from Salamanca to Chicago; it is a *second consolidated mortgage* upon the lines between Piermont and Dunkirk (446 miles.)

The collateral trust 4s of 1901 are secured by 51 per cent of the entire New York Susquehanna & Western stock ($26 000,000 total issue), nearly all of the Pennsylvania Coal Co stock, and the stock of the Erie & Wyoming Valley RR., Scranton, Pa., to Lackawaxen, 64 miles, and the Delaware Valley & Kingston RR. Of the bonds $32,000,000 were issued to acquire these stocks (excepting the N. Y., Susq. & West'n, already owned), the remaining $4,000,000 being reserved for improvements to the properties represented by the stocks acquired. A sinking fund of 10 cents per ton of coal sold will purchase bonds at not exceeding 105, otherwise to be applied to the drawing of bonds by lot, all such bonds to be kept alive and the accruing interest thereon to be added to the sinking fund, which, it was estimated, will be sufficient to retire the whole issue at or before maturity.—V. 71, p. 1219, 1311; V. 72, p. 44, and circular, p. 136, 532 257.

Real estate mortgages outstanding June, 30, 1901, $771,400.

Old Bonds—Under the first consol. mortgage of 1895 the company covenants to pay the interest regularly on all the old bonds in the table that are marked with a * or a ‡ (except N. J. & N. Y. bonds,) and to take them up and pledge them with the trustee at maturity.

Long Dock 6s see March, 1894, SUPPLEMENT under N. Y. L. E. & W. For *N. Y. Lake Erie & W. Coal & RR.*, see SUP. January, 1895

The $1,777,990 equipment trusts of 1900 cover 1,000 steel freight cars and 50 consolidated freight locomotives.

FIXED CHARGES.—The fixed charges of the System were reduced by the reorganization from $9,400,000 to $7,860,000 per annum.

GENERAL FINANCES.—To June 1, 1901, $4,000,000 of $5,000,000 prior lien bonds reserved for construction and new equipment were sold; also $1,903,000 general lien bonds issued for construction, etc., during 1900-1.—V. 71, p. 754, 1219. The first dividend on first preferred was declared in July, 1901.—See above and V. 73, p. 137.

The purchase of the control of the Pennsylvania Coal Co. late in 1900 removed the possibility of an independent anthracite coal line to tidewater. The acquisition was financed by the issue of $32,000,000 collateral trust 4 per cent gold bonds and $5,000,000 first pref. stock.—V. 71, p. 1219, 1311; V. 72, p. 44, 136, 532.

STOCK, LEASES, ETC.—This corporation in February, 1890, leased the St. Paul Minneapolis & Manitoba for 999 years, assuming its funded debt and guaranteeing 6 p.c. per annum in gold on its $20,000,000 stock.

In 1898 $15,000,000 new Great Nor. preferred, was sold at par to shareholders to retire $15,000,000 col. tr. 4s of 1892, called for redemption Sept. 1, 1898, and $10,000,000 was exchanged for the $12,500,000 stock of the Seattle & Montana RR. See "Dividends."

In October, 1898, the stockholders surrendered the right to issue $20,000,000 common stock in addition to the $50,000,000 preferred then outstanding, and made all the stock "of a single class, with uniform rights and privileges." Also authorized the purchase of the $20,000,000 of guaranteed 6 per cent stock of the St. Paul Minneapolis & Manitoba, on the basis of $125 Great Northern stock for each $100 Manitoba stock, thus increasing the Great Northern stock to $75,000,000. In Apr., 1901, $24,427 875 of the increased stock had been issued, leaving not over $457,700 of the Manitoba stock unexchanged.—(V. 68, p. 129; V. 67, p. 1356; V. 67, p. 370, 788, 842.)

In April, 1899, sold $15,000,000 preferred to acquire all the bonds, debentures and stock of the Spokane Falls & Nor. Ry., Nelson & Ft. Sheppard Ry., Columbia & Red Mtn. Ry. and Red Mtn. Ry., and $7,500,000 new stock of East Ry. of Minn. V. 68, p. 772, 822, 1181.

In Jan., 1900, $9,000,000 additional stock was sold at par to stockholders to acquire $3,500,000 further stock of the East Rv. of Minn. and $5,500,000 stock of the Willmar & Sioux Falls Ry., issued for purchase of Sioux City & Northern and Sioux City & Western. V. 71, p. 655. In 1900 $1,000,000 stock was offered to Employes' Investment Co., of which $285,000 had been subscribed and paid for in July, 1901.—V. 71, p. 654.

In 1901 stockholders subscribed at par to $25,000,000 new stock, raising total issue to $125,000,000 ($20 per share to be credited on account for advances to St. Paul Minn. & Manitoba Ry.), the proceeds to acquire 500 miles of additional road and control of Great Northern Steamship Co. -V. 72, p. 580; V. 73, p. 184.

LANDS.—Land sales in April, 1897, had retired all the 1st mort. bonds and were then applicable to consol mort. of 1883.

Sales for year ending June 30, 1900, were 92,217 acres for $847,208 and 1,484 town lots for $28,208. The net amount due on land contracts June 30, 1900, was $1,990,922; lands unsold, 1,156,606 acres, to be reduced about 600,000 acres by a final adjustment by U. S.

Minneapolis & St. Cloud grant was 476,864 acres; unsold July 1, 1900, 381,920 acres; sales in 1899-00 were 21,206 acres, for $187,596.

V. 66, p. 1044, 1188. See **abstract** of mortgage, V. 52, p. 82.

Eastern Railway of Minnesota runs from Hinckley northward 70 miles, to a point near Duluth; the first mortgage covers road, equipment, terminals and elevators. The Northern Div. $15,000,000 mortgage of 1898 provides for extension building from Fosston, Minn., to the head of lake navigation at Duluth, and also for future requirements, including the retirement of the $4,700,000 1st 5s at maturity. They are redeemable at 105 on three months' notice after Apr. 1, 1928. —V. 66, p. 471. *Montana Central* bonds cover several roads. (See adv. CHRON. Dec. 12, 1891.) The Manitoba guarantees these issues, and the Great Northern assumes the guaranty.

The *Willmar & Sioux Falls* bonds are endorsed with joint and several guaranty of the Manitoba and Great Northern companies. Further issues may be made at $17,500 p. m. for additional road. V. 56, p. 247.

Minneapolis Western first mortgage is for $1,000,000. V. 60, p. 835.

A syndicate has been formed to provide the cash requirements of the plan. The directors of the Mexican National Ry., Lim., which holds the large part of the second mortgage A and B bonds, recommend the acceptance of the plan.

VOTING TRUST.—Both classes of stock (except sufficient to qualify directors) will be vested in three voting trustees for five years or until the preferred stock shall have paid 4 per cent cash dividends yearly for two successive years, but the voting trustees may, in their discretion, deliver the stock at an earlier date.

In connection with the plan, the right to call the present outstanding 6 p. c. prior lien bonds at par and interest may be exercised.

Position of New Company.—The plan presents the following [in United States currency]:

Net earnings for the calendar year 1900, according to the annual report.....	$1,208,634
Extraordinary expenditures charged to operating expenses or against current income, but properly chargeable to capital account (according to statement confirmed by Messes. Price, Waterhouse & Co	363,932
Total actual net earnings in year 1900.....	$1,572,566
Estimated net earnings after the main line has been made standard gauge, the proposed El Salto extension built, and other improvements accomplished, about.	$2,100,000
Annual fixed charges after readjustment (estimated):	
Int. on $20,000,000 prior lien 4½ p. c. gold bonds	$900,000
Interest on $15,000,000 first consolidated mortgage 4 per cent gold bonds	600,000

Early in 1901 a large interest was acquired in the Denver & Rio Grande RR and so in the Rio Grande Western Ry., extending the system as far west as Ogden, Utah. The Gould and Rockefeller holdings in the Denver & Rio Grande are together understood to constitute a large majority of the entire capital stock. A more or less comprehensive consolidation of the Gould, or Gould-Rockefeller, lines, it is understood, is in contemplation, though in Oct., 1901, not expected to be announced for several months.

In Feb., 1901, control of the New Orleans & Northwestern Ry., Bastrop, La., to Natchez, Miss., 102 miles, was acquired, the road to be extended from Natchez to Little Rock, Ark., about 150 miles; also of the Arkansas & Southwestern RR., Smithton to Pike City, 43 miles; of the Ark. Midland RR., Helena, Ark., to Clarendon, etc., 74 miles, and of the Mississippi Hamburg & Western Ry., Hamburg to Luna, Ark., 43 miles. In Mar., 1901, the White River RR. was incorporated to build from Batesville, Ark., northwest to Springfield, Mo., 150 miles.

ORGANIZATION, LEASES, &C.—The Pacific RR. of Missouri was sold in foreclosure September 6, 1876. The present company was a consolidation in August, 1880, embracing the Missouri Pacific and minor roads. The bonds of the proprietary lines are practically all pledged to secure

HISTORY, &C.—Control of the Lake Shore and Michigan Central road was acquired in 1898, as stated below. Their earnings were reported separately, but the dividends on their shares held by the Central chiefly caused the large item "other income," offset by a like amount of interest on the collateral bonds issued for their purchase. V. 71, p. 50[illegible]

In Jan., 1900, control of the Lake Erie & Western was acquired, also a large interest in the Cleve. Cin. Chic & St. Louis, increasing the Vanderbilt interest in the latter to an absolute majority. The Central has since transferred its holdings in these companies to the Lake Shore which see. In 1900, also, an understanding was reached between the Vanderbilt and the Pennsylvania interests, by which the latter became jointly interested in Ches. & Ohio Ry.—V. 70, p. 76, 125, 104[illegible] Holdings Vanderbilt estate, V. 71, p. 1221.

BONDS.—Description of debentures was on page 3 of SUPPLEMENT of April, 1895. They are all secured by the refunding mortgage of 1897 equally with the 3½s. *Ref. mortgage* is for $100,000,000, of which $70,377,333 reserved to retire all existing bonds at or before maturity and $14,622,667 for premiums; the remainder ($15,000,000) is reserved for new construction after 1903. In 1901 3½s of 1897 had been issued to retire about $32,000,000 of old bonds.

Collateral trust 3½s of 1898 are secured respectively by deposit in trust with the Guaranty Trust Co., mortgage trustee, of stock of the Lake Shore & Michigan Southern and Michigan Central RRs. at the rate of $100 of L. S. & M. S. stock for each $200 of bonds and $100 of Mich. Cent. stock for each $115 of bonds outstanding. The total authorized issues of 3½s are $100,000,000 for Lake Shore and $21,550,000 for Michigan Central. The loans are secured by separate deeds of trust. See V. 66, p. 288, 336, 760, 811.

The N. Y. Cent. issued in 1900 $5,500,000 of 100-year 3½ per cent debentures for certain property not included in the Boston & Albany lease. See V. 69, p. 1102; V. 71, p. 502, 964.

GUARANTIES.—The company guarantees the securities of its leased lines to a considerable aggregate—see separate statement for each company marked with a ¶ in the table of mileage preceding. It also guarantees Western Transit Co. 4½s for $1,000,000 due February, 1903.

GENERAL FINANCES.—The refunding of the $70,377,000 of old high-interest-bearing bonds into the 3½s of 1897 during the years 1898 to 1905 will effect a saving of $1,200,000 per annum in interest charges; to June 30, 1901, $32,181,066 old bonds had thus been retired; saving in charges by refunding in 1900-01, $538,597.—V. 73, p. 790.

In July, 1901, the company had acquired $45,289,200 of the capital stock of the Lake Shore road in exchange for 3½ p.c. bonds (see above), leaving $1,177,300 afloat, including $533,500 guaranteed 10 per cent dividends (see V. 66, p. 288, 336, 1238), and also $16,814,300 of Mich. Central stock, leaving $1,883,600 still outstanding.

On April 2, 1900, $15,000,000 stock, sold to stockholders at par, was issued for new equipment. V. 69, p. 906, 1103, 1248; V. 71, p. 502.

On Nov. 10 1900, Boston & Albany RR. was taken over under lease.

Average train load for entire system, including company's freight, was 392 tons in 1900-01, against 361 tons in 1898-9.

GENERAL FINANCES.—Early in 1899, the coal properties at Scranton, Pa., of the Lack. Iron & Steel Co., (the capacity of the collieries then open being about 700,000 tons per annum) were purchased by the Scranton Coal Co., aided by loans from the N. Y. O. & W., the latter issuing its $2,500,000 5 p. c. notes (reduced to $2,400,000 in 1900-1901), extending over a period of years secured by first mortgage on the coal property, and loaning $1,475,000 (of which $305,000 has been repaid) secured by a second mortgage thereon, the O. & W. obtaining a contract for the entire tonnage. V. 68, p. 41, 429. The coal companies are expected ultimately to take care of all the obligations created.—V. 69, p. 604, 646.

In November, 1900, eight independent anthracite properties with a maximum output of 2,000,000 tons annually were merged as the Elk Hill Coal & Iron Co., the N. Y. O. & W. issuing its $3,500,000 5 per cent sinking fund first lien gold notes secured by the Coal & Iron Company's first mortgage, these notes maturing $75,000 each 6 mos., beginning June 1, 1901, to June 1, 1911, and thereafter $200,000 semi annually to Dec. 1, 1915. In the event of any additional mortgages being placed on the railroad properties besides the refunding mortgage, the notes are to be secured pari passu with such new obligations. The Elk Hill Co. also made a second mortgage to the N. Y. O. & W. for $2,400,000 at 5 per cent. V. 71, p. 1270; V. 73, p. 501.

The company's coal tonnage is derived from the following sources: Scranton and Elk Hill companies (as above stated), total maximum capacity, 2,700,000 tons; other companies, 300,000.

ORGANIZATION—This *Railway* company in 1896 succeeded to the property and franchise of the Norfolk & Western RR., etc., foreclosed per plan, was in V. 62, p. 641. The old stock paid an assessment of $12 50 per share, common receiving 75 p. c. and the old pref. 112½ p. c. in new common. In 1900 the Penn. RR., together with controlled company, acquired $21,500,000 of the stock, its representatives entering the directory. V. 70, p. 687, 1150, 1195; V. 71, p. 809; V. 72, p. 184, 480. In 1901 the entire stock of the Cincinnati Portsmouth & Virginia, Sciotoville to Cincinnati (of which 4 m. trackage) with 18 m branch to Hillsboro, leased to another company, a total of 130 miles, was acquired, and the road merged July 1, 1901. (V. 72, p. 137, 438, 532; V. 72, p. 503.) Branches building June 30, 1901, 24 miles; also proposed extensions in North Carolina; see V. 73, p. 503.

STOCK.—Provisions of preferred stock certificates were given in SUPPLEMENT of April, 1897, page 4, said stock being 4 p. c. non-cumulative, with preference as to assets and dividends.

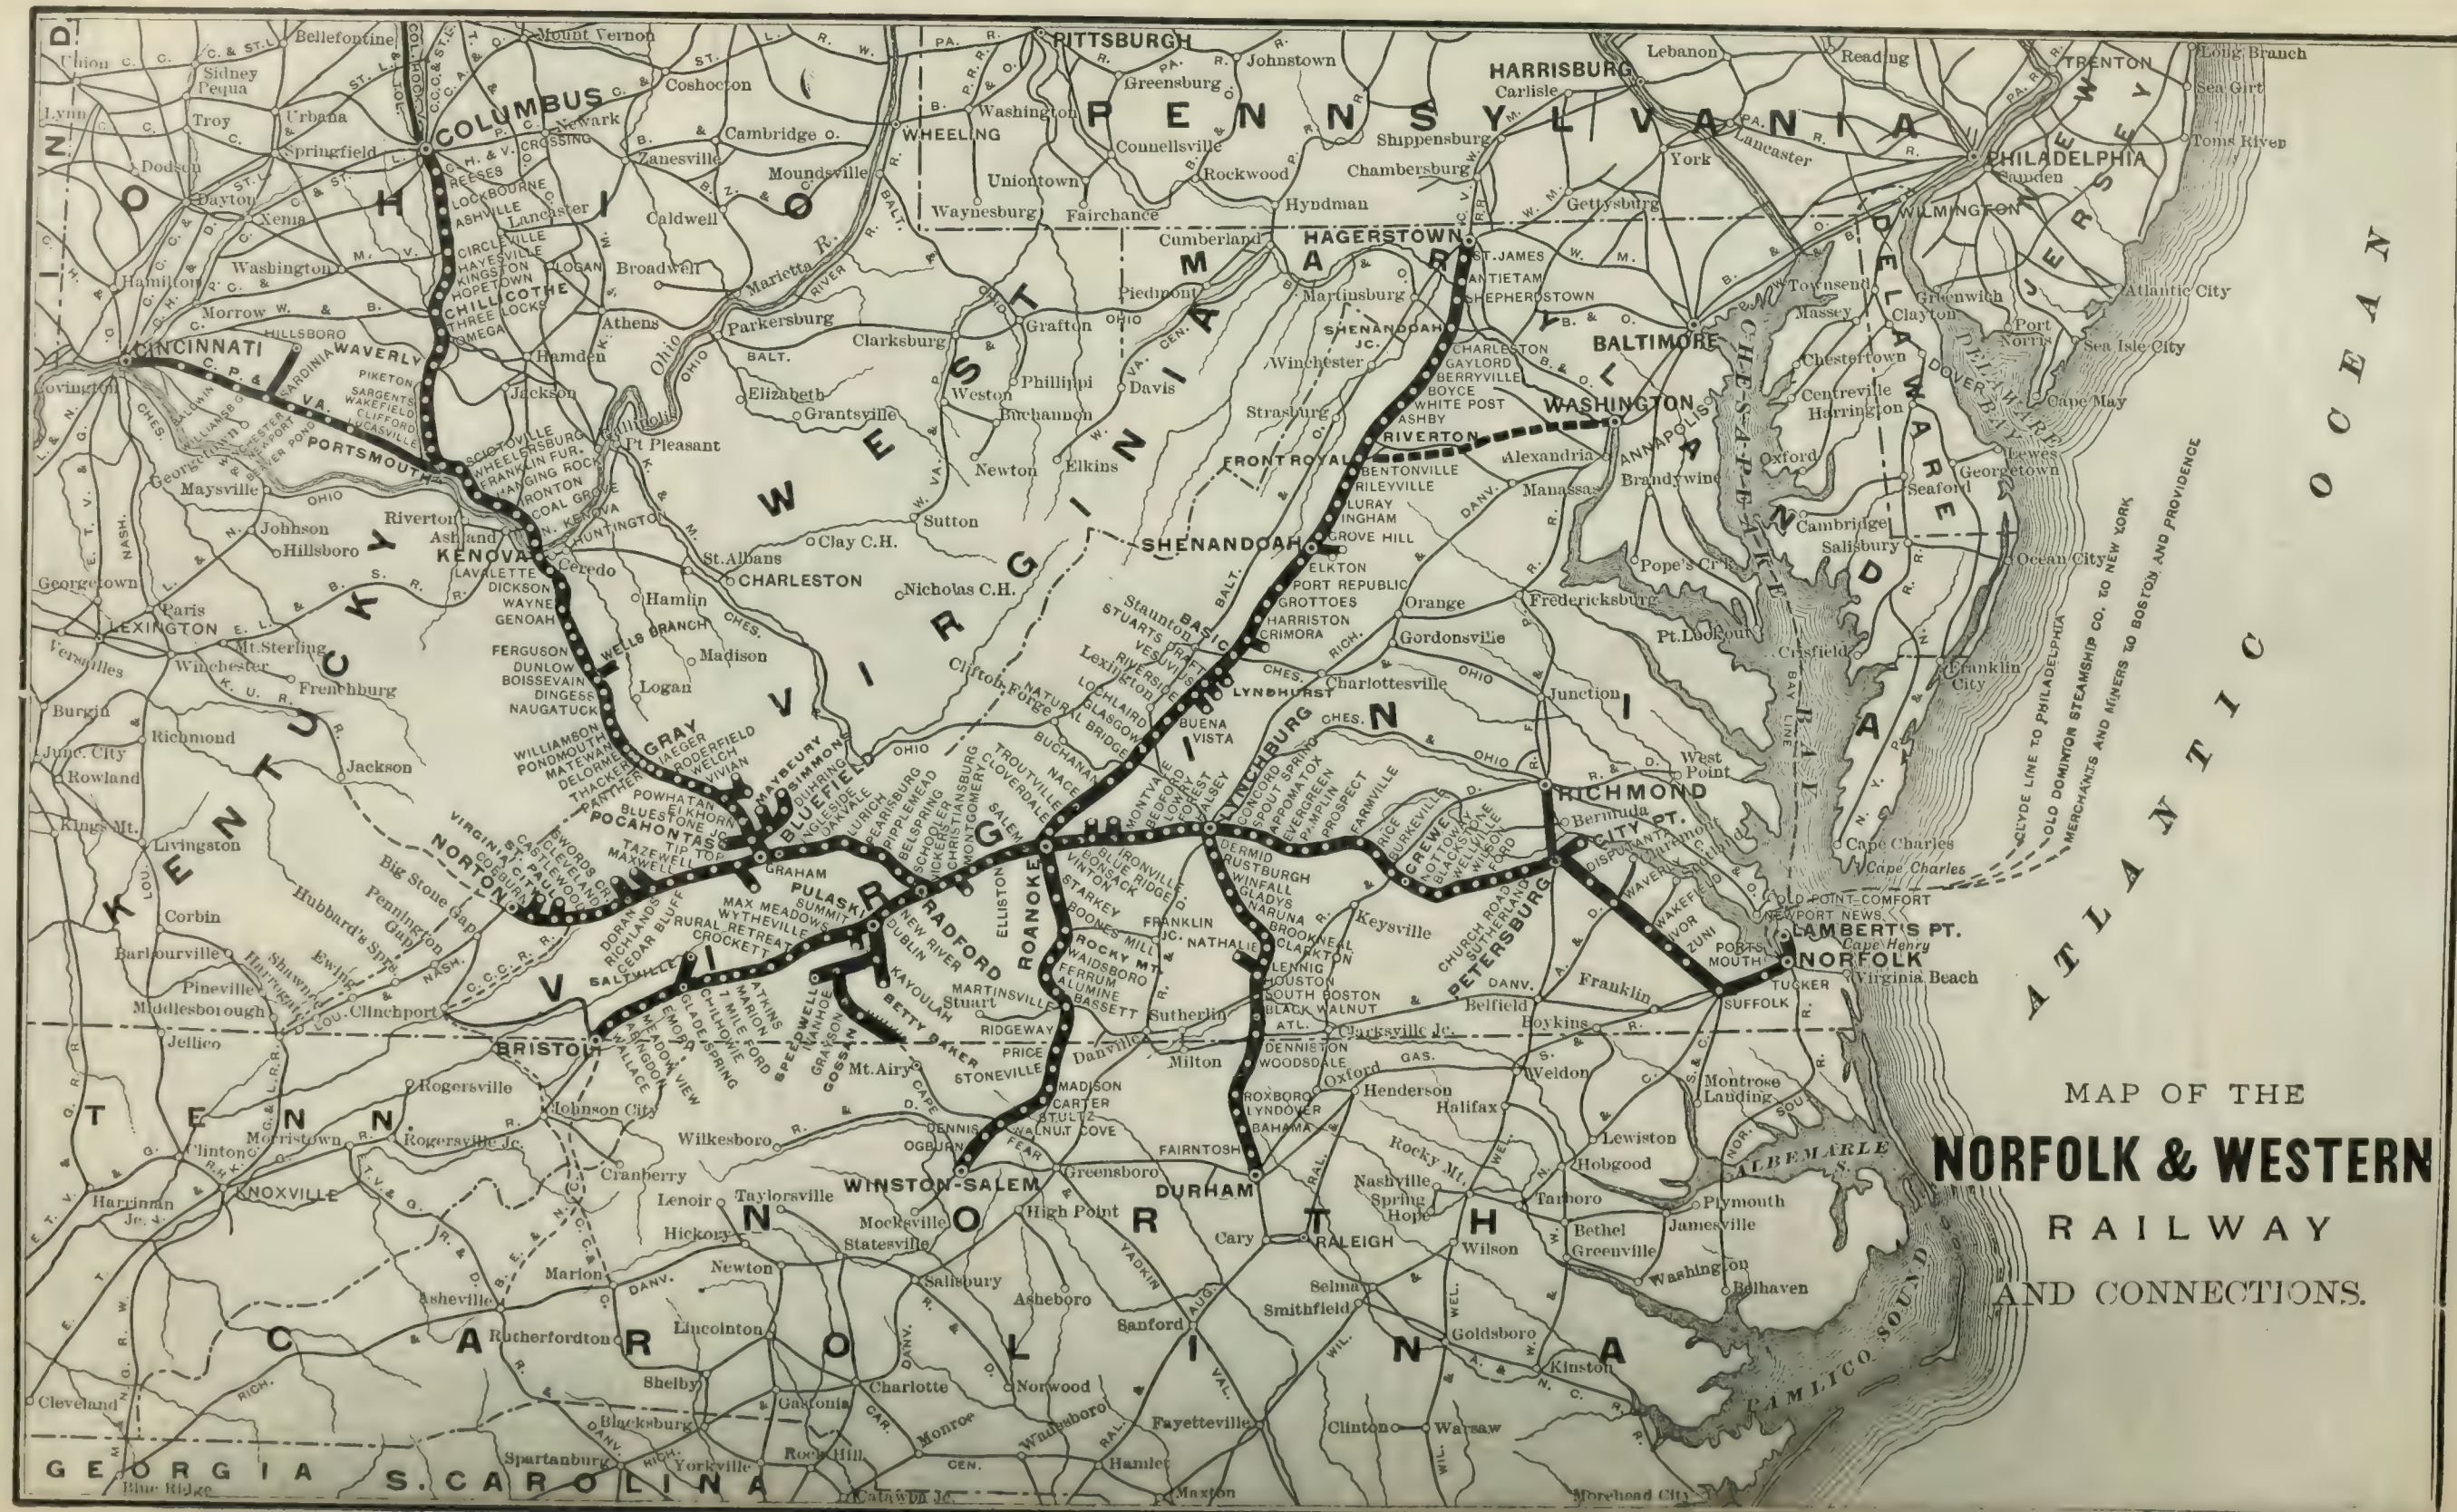
BONDS.—The first consolidated mortgage of 1896 is limited to $62,500,000, of which an amount equal to the underlying bonds can be issued only on the retirement of the same. The balance is or was reserved as follows: For new construction, acquisitions and improvements, not exceeding $1,000,000 yearly, $9,690,436 and $3,500,000 additional for similar purposes. The right to issue prior lien bonds has been annulled.—V. 73, p. 502.



The *new 4 per cent first consols* are a first mortgage on a large part of the system, viz., upon 833 miles of railroad; upon important terminals at Norfolk and Lamberts Point; upon the Ohio River Bridge and the Roanoke Machine Works; besides being a consolidated mortgage upon the remainder of the system, subject to the undisturbed liens. They are further secured by the equipment, certified to have cost over $11,000,000, covered by the car trusts and equipment bonds to be taken up under the plan. Undisturbed bonds which cannot be taken up at maturity on satisfactory terms by use of the consols reserved for that purpose may be extended or renewed. See **abstract** in V. 64, p. **376**. The lien of the mortgage was extended over the Cincin. Portsm. & Va., acquired in 1901, after redemption of the bonds on July 1.—(V. 72, p. 137, 438, 532, 723, 1080.)

GENERAL FINANCES.—The reorganization reduced the fixed charges from $3,214,037 to $2,218,450, a reduction of $995,587, making the annual charges ahead of the new common stock smaller than those ahead of the old preferred stock. Of the traffic in 1900-1901 58 per cent (6,277,133 tons) was bituminous coal and coke.

In March, 1899, $5,000,000 1st consol. 4s were sold, of which $1,500,000 to be used for betterments, double-tracking and additional rolling stock; remainder to retire underlying bonds maturing to July 1, 1900. V. 68, p. 619; V. 70, p. 176, 1195; V. 71, p. 497. During 1900-01 $4,000,000 were sold for improvements. V. 73, p. 502. Dividends on the common stock were begun in June, 1901.—V. 72, p. 873.

Northern Pacific Ry. (Concluded.)—

During 1900-01 branches and extensions aggregating 165 miles were put into operation, and 127½ miles had been authorized but not completed June 30, 1901.—V. 73, p. 610.

The Minnesota & International Ry., Brainerd to Bemidji, Minn., 91 miles, of which 70 per cent of the stock is owned, had under construction in July, 1901, an extension from Bemidji to the International Boundary at Koochiching Falls, Minn., about 90 miles. V. 73, .610.

The original Northern Pacific Company was chartered by Congress July 6, 1864; 450 miles to Bismarck were foreclosed in 1875. On Feb. 1, 1898, took over Seattle & International, and in July, 1898, the Washington Central under lease (V. 66, p. 856), and in February, 1898, purchased the entire capital stock and all of the income bonds of the Washington & Columbia River Ry. See separate statements for these Washington companies. Seattle & International Ry. was on Apr. 1, 1901, merged in system. On July 1, 1900, the St. Paul & Duluth RR., St. Paul to Duluth, etc., 238 miles, was merged, its bonded debt being assumed.—V. 70, p. 1250; V. 71, p. 648.

HISTORY.—This Wisconsin company on Sept. 1, 1896, succeeded to the railroads, land grant and other property of the Northern Pacific RR., foreclosed in July, 1896, and reorganized per **plan** in V. 62, p. 550.

In the reorganization the $49,000,000 old common stock paying assessment of 15 per cent received 100 per cent of new common. The $35,000,000 old preferred paying assessment of 10 per cent received 50 per cent in new common and the same of new preferred.

The road is controlled by J. P. Morgan & Co. and James J. Hill on the one hand, and the Harriman-Kuhn, Loeb & Co. Union Pacific syndicate (the latter acquiring its interest about May, 1901,) on the other; and in July, 1901, in pursuance of a plan for "complete and perfect harmony," the following representatives of the various Western railroad interests entered the Board: James J Hill, of the Great Northern; E. H. Harriman, of the Union Pacific; Wm. Rockefeller of the St. Paul; H. McK. Twombly of the Chic. & North Western and Samuel Rea of the Pennsylvania RR.—V. 72, p 936, 1081; V. 73, p. 138, 185.

STOCK.—The preferred stock is subject to call in whole or in part, at par, upon any first day of January prior to 1917.

Additional preferred stock and other mortgages on the company's property, as existing at the completion of the reorganization, can be issued only with the consent of a majority of each class of stock represented at a special meeting. Pref. stock is "entitled to non-cum. dividends to the extent of 4 per cent per annum, payable quarterly out of surplus net earnings in each fiscal year before any dividends for such year shall be paid on the common stock." In any fiscal year in which 4 per cent dividends shall have been declared on both preferred and common stock, all shares, whether pref. or common, shall participate equally in any further dividends for such year. —V. 63, p. 1071.

ORGANIZATION, LEASES, &C.—The charter of the Pennsylvania Railroad was dated April 13, 1846. The Pennsylvania *Company* controls all the lines west of Pittsburg and Erie, the Pennsylvania RR. Co. holding all its stock. In 1900-1 the Penn. RR. purchased a large interest in the stock of Baltimore & Ohio RR., Chesapeake & Ohio Ry. and Norfolk & Western Ry. V. 70, p. 76, 231, 687; V 72, p. 481, 581. In 1900 acquired most of the $20,000,000 Western N. Y. & Penn. Ry. stock at $9 per $50 share and also the $10,000,000 income bonds at $300 per $1,000 bond.—V. 72, p. 481.

The Western New York & Pennsylvania Ry. and the Allegheny Valley Ry. were taken over under lease August 1, 1900, adding about 829 miles to the system proper. (V. 72, p. 491.) In May, 1900, purchased a majority of the Long Island RR. stock. V. 72, p. 481. See GENERAL FINANCES below.—V. 70, p. 1248; V. 70, p. 842, 1095.

SECURITIES OWNED.—The total cost of these to January 1, 1901, was $164,965,438, many of which are pledged to secure Pennsylvania issues. Revenue derived from these securities in 1900, $5,781,297.

CAPITAL STOCK.—Stock authorized, $251,700,000; the amount outstanding has been increased from time to time, chiefly by sale at par to stockholders for new acquisitions, etc. See Gen. Finances below. The acquisition of the entire minority stock of the Philadelphia Wilmington & Baltimore RR., proposed in Oct., 1901, with a view to consolidation with Baltimore & Potomac RR., would require the issue of not over $1,392,600 additional stock to that would in table above.—V. 73, p. 723.

BONDS.—*Consolidated mort.* of 1873 for $100,000,000 secures all the consols equally, though issued at different dates; of the amount authorised, a sufficient amount is reserved to retire the general mortgage of 1867. It covers all the property and franchises of the company, including its main line from Philadelphia to Pittsburg, and branches, being a total of 517 miles, partly four-tracked, together with real estate and equipment. It is also a first lien on the company's leasehold interest in other railroad lines and canals, as well as on shares and bonds of other companies of an estimated cash value of over $50,000,000. Sinking fund for consols Jan. 1, 1901, held—Consols canceled, $1,860 980; other securities and cash $5,150,564.

The 4 *per cent loan of* 1881 is secured by Phila. Wilm. & Balt. stock. Mortgages and ground rents payable Jan. 1, 1901, $5,066,696.

GUARANTEED BONDS.—See SUPPLEMENT of April, 1899.

GENERAL FINANCES.—To pay for the stock of the Long Island and other railroads acquired, the company in May, 1900, borrowed $20,650,000 at 4 per cent for one year, with privilege of renewal, which amount is supposed to have been increased since Jan. 1, 1901, for purchase of Balt. & Ohio and other stocks.—V. 70, p 946.

On March 12, 1901, the stockholders voted to increase the stock by $100,000,000 to $251,700,000. $50,200,800 of the new stock being subscribed for by stockholders at $60 per $50 share, raising the amount outstanding to $202,200,800. The new stock will be entitled to dividends beginning Nov. 1, 1901. The proceeds were used to pay off the collateral investment obligations of the company for construction and equipment expenditures on the main and leased lines and branches and for other corporate purposes.—V. 72, p. 392, 533, 627, 1238, 1280.

In June, 1901, the company for itself and controlled and affiliated roads, together with the Reading Co., obtained control of the Pennsylvania and Cambria Steel companies, thus insuring the ability of the system to purchase rails and other steel and iron materials at a satisfactory rate.—V. 72, p. 1280.

On Dec. 10, 1899, a new line was opened from Columbia, S. C., to Savannah, Ga., about 160 miles, of which the Carolina Midland, Perry to Allendale, 52 miles, forms a part, the Co. building from Columbia to Perry, 31 miles, and using Atlantic Coast line and Plant system trackage from Allendale to Savannah, the latter being partly replaced by the construction of its own line from Allendale to Hardeeville, S. C., 51 miles, opened Dec., 1900, V. 73, p. 343. In Oct., 1900, extension from Burgin to Jellico, Ky., 115 miles, and other extensions were proposed, including one from Chattanooga, Tenn., to Stevenson, Ala., about 38 miles, under the charter of the Memphis-Chattanooga RR., for which $3,000,000 bonds were reserved under Mem. & Charleston first mortgage. V. 69, p. 956. The Louisville Evansville & St. Louis Consolidated RR. was taken over after foreclosure on Jan. 1, 1901, and in 1901 a majority of the stock and general mortgage bonds of the Mobile & Ohio were acquired. See below. V. 70, p. 792, 1292; V. 71, p. 603; V. 72, p. 45. In July, 1901, the Ensley Southern Ry., substantially all of whose stock is owned, was building from Ensley, Ala., to Warrior River, 25 miles, on branch to Parrish, 35 miles. V. 71, p. 448.

Organization, Etc.—A reorganization in 1894 of the old Richmond & West Pt. Ter. Railway & Warehouse system. The reorganization plan presented in May, 1893, was given in full in V. 56, p. 858, 874, and certain changes thereof in pp. 1016, 1058, and V. 57, p. 61. The modified plan of Feb. 20, 1894, was given in full in V. 58, p. 363, 385.

As to Cincinnati New Orleans & Texas Pacific, see V. 65, p. 1173. On July 1, 1898, absorbed Memphis & Charleston.—V. 66, p. 39, 185.

Mobile & Birmingham RR. (149 miles) was leased from June 1, 1899, for 99 years.—V. 68, p. 429, 1134; V. 69, p. 391.

In Apr., 1899, purchased the Northern Alabama, Sheffield to Parrish, Ala., and branch, 119 miles (V. 68, p. 824, 873); also acquired control of and leased the South Carolina & Georgia.—V. 69, p. 390.

Atlantic & Danville has been leased for 50 years from July 1, 1899.

Stock. Authorized $120,000,000 *common* and $60,000,000 *five per cent non-cumulative preferred stock.* No additional mortgage can be put upon the property, nor can the amount of the preferred stock be increased without the consent of holders of a majority of the preferred. As to question whether the preferred stock is subject to call, see V. 72, p. 1138. In Jan., 1900, reduction of the stock was authorized by the Virginia Legislature, on majority vote, whenever deemed desirable. V. 70, p. 177, 947, 1150.

Both classes of stock of the new company (except sufficient to qualify directors) are deposited with three stock trustees. The stock shall be held by the stock trustees and their successors, jointly till July 1, 1899, and for such further period (if any) as shall elapse before the preferred stock shall have paid five per cent cash dividend in one year, although the stock trustees may, in their discretion, deliver the stock at an earlier date. Certificates of beneficial interest, entitling the holder to dividends, are issued in lieu of the stock so deposited. Stock trustees, J. Pierpont Morgan, Charles Lanier and George F. Baker. Provisions of voting trust and pref. stock cert. in Sup. of April, 1897, page 6.

Dividends.—On preferred in 1897, Jan., 1 p. c.; in 1898, Jan., 1 p. c.; in 1899, Jan., 1 p. c.; Oct., 1 p. c.; in 1900, Apr., 1½ p. c.; Oct., 1½ p.c.; in 1901, April, 2 p. c.; Oct., 2 p. c.

Bonds.—The new *first consolidated mortgage*, Central Trust Co., N. Y., trustee (see abstract in V. 59, p. 783), is secured by mortgage and pledge of all the property of the company. The total authorized issue is $120,000,000 gold bonds. (V. 70, p. 1150), as follows:

Issued to June 30, 1901 (of which $2,538,000 in treas.)...	$36,053,000
Issuable only to retire certain "prior bonds" (see V. 59, p. 785).....	65,531,000
Issuable only to retire certain stocks (see V. 59, p. 786).....	5,700,000
Issuable only to retire certain equipment obligations (see V. 59, p. 786)	773,700
To be issued hereafter only for extensions and additions at not exceeding $2,000,000 yearly, with a single exception as to $4,000,000 (see V. 59, p. 786).....	11,942,300

Prior bonds must be paid by maturity.

Divisional First Mortgage bonds, issued in 1898 on account of purchase of Memphis & Charleston Ry., bear 4 per cent interest from Jan. 1, 1898, to July 1, 1901; then 4½ per cent to July 1, 1906, and 5 per cent thereafter. The total authorized issue is $8,000,000, but $1,500,000 can be used only to build a line replacing trackage between Stevenson and Chattanooga, 38 miles. Of the remainder of the loan, $5,083,000 were issued to retire old mortgage indebtedness. The bonds cover the 292 miles of main line and branches, at $17,408 per mile. The balance ($1,417,000) is held for betterments at not exceeding $100,000 yearly. See description of loan in V. 67, p. 179.

Second mortgage on former Memphis & Charleston secures $2,500,000 of 5 per cents, of which $1,500,000 owned by So. Ry. June 30, 1901, and $1,000,000 reserved for improvements. *St. Louis Division* mortgage covers the former Louisville Evansville & St. Louis RR., consisting of 374 miles of main line and branches, the balance unissued, $4,250,000, being reserved for extensions, improvements or additional equipment—V. 72, p. 138.

The collateral trust 4s of 1901 will be issued dollar for dollar in exchange for the Mobile & Ohio general 4s as acquired, by a pledge of which they will be secured. Stock trust certificates for M. & Ohio stock will also be issued, upon which dividends will be payable at 2 per cent for one year, 3 per cent for the second year and 4 per cent in perpetuity thereafter. V. 72, p. 242, 822. In 1901, $7,855,000 of the $9,472,000 bonds and $4,896,900 of the $5,320,000 stock had been deposited. V. 72, p. 439; V. 73, p. 664.

The date of maturity of the Charlotte Columbia & Augusta second mortgage, as given therein, is Oct. 1, 1902: in the bonds themselves, Jan. 1, 1910. V. 71, p. 85. Equipment trusts mature as follows: Series A, $225,000 each in May and Nov., 1901, and $213,000 May 1 and $212,000 Nov. 1 in each year thereafter; Series B, $180,000 each, Mar. 31 and Sept. 30, 1902 and $170,000 each M.&S. thereafter.

General Finances.—Certificates of indebtedness incurred for purchase of properties June 30, 1901, $4,180,000. V. 73, p. 341. During 1900-01, $4,742,000 consol. 5s were issued. Equipment notes of old companies June 30, 1901, $134,873; miscel. equipment obligations additional to those above, $1,227,917. The Louisville Evansville & St. Louis Consolidated RR., acquired per plan V. 70, p. 1291, furnishes the Southern a new line into St. Louis. Under the plan the Southern issued its St. Louis div. gold bonds. V. 72, p. 138. The acquisition of the Mobile & Ohio in 1901 affords a line to Mobile and Montgomery, Ala., etc. See Bonds above.—V. 72, p. 242; V. 73, p. 343.

Latest Earnings—2 mos., July 1 to Aug. 31. { 1901.....Gross, $5,952,399; net, $1,662,485
1900.....Gross, 5,526,704; net, 1,547,889

Operating 6,737 miles in 1901, against 6,817 in 1900.

Annual Report.—Fiscal year ends June 30. Annual meeting is held the fourth Tuesday in October. The report for 1900-01 was given at length in V. 73, p. 334, 340. See also editorial p. 315.

Traffic.—The freight tonnage is widely diversified, which is an element of strength. Agricultural products in 1900-01 furnished only about 14 per cent (cotton about 5 per cent), while over 38 per cent was from mining industries (28 per cent being coal) and about 29 per cent was product of manufactories. Ton rate, 0·947 cents per m.; train load, 223 tons. Earnings, etc., (including in 1901 the St. Louis division, 374 miles, for the 6 months ending June 30, 1901, and sundry mileage for various periods, see V. 73, p. 340), have been as follows:

WATER OBLIGATIONS OUTSIDE DEBT LIMITS ILLEGAL.

Some important decisions have been rendered the present year bearing upon the right of municipalities to incur indebtedness for water works or water supply, or to enter into contracts for that purpose, where the effect is to create liabilities outside of and in excess of the debt limitations fixed by State constitutions. We say where *the effect* is to exceed the debt limitations, for obviously no attempt to directly issue bonds in excess of a prescribed limit would be made, or if it were made could hope to succeed, since the courts would be quick to put their seal of condemnation upon it. The need, however, of an adequate water supply is often urgent, and where constitutional barriers exist against raising the means for that purpose, a municipality or a legislature will not infrequently attempt to climb over the same.

The recent decisions teach a lesson in that regard whose significance is plain. They demonstrate (what, indeed, was known before, though the fact is often overlooked) that courts are inclined to construe constitutional inhibitions strictly, and will not tolerate efforts to do indirectly what it is forbidden to do directly. It may be said, too, that this is as it should be. It is easy to see good reasons why water debt should stand on a separate footing and, therefore, should not come within the provisions of a debt limit. One of these reasons is that the water brings its own revenue, and hence indebtedness incurred to obtain it need not entail any burden upon the municipality. The fact is recognized in many of the States, the constitutions distinctly providing that water obligations shall not be counted in computing the indebtedness. And this shows how the matter ought to be treated. If the people of any State think it safe and proper that municipalities should have the right to provide water works and water improvements without regard to the prescribed debt limit, an express provision to that effect should be inserted in the State's Constitution. Of course, it takes time to arrange for an amendment of the Constitution, but is not the method a more expeditious one than that involved in attempts to attain this end through measures which the courts are sure to defeat in the end. Constitutional limits are intended to provide against excesses, and the courts would be disregarding the stern demands of duty if they did not inexorably insist on the observance of these carefully devised safeguards.

Among the judicial decisions we have in mind, a rather interesting case is that which came up in Illinois. In this instance we have not as yet the ruling of the final tribunal of the State, the opinion handed down last July having been by Judge Dibell sitting in the Circuit Court. In Illinois the debt limit provided by the Constitution is low—only 5 per cent on the taxable value. As many of the cities of the State had reached this limit and yet wanted to spend money on their water systems, the Illinois Legislature in 1899 passed a water-works-improvement law the purpose of which was to get around the difficulty. The new law allowed the issue of water certificates against the earnings of the water department. Several cities took advantage of the permission given and issued these certificates. From the first, however, there was doubt as to the legality of the statute. Finally, when the city of Joliet authorized $240,000 of such certificates, a test case was brought to determine the constitutionality of the Act. Upon a petition for an injunction restraining the city from entering into a contract for the enlargement and improvement of its water-works system, Judge Dibell made his ruling, granting the injunction and declaring that cities could not avail of the law unless the total amount sought to be set aside from the future earnings of the water department came within the constitutional 5 per cent limit governing bond issues.

Judge Dibell said that the sole question for consideration was whether an indebtedness of the city would be created within the meaning of the Constitutional restriction of 5 per cent. That an indebtedness was being created, he thought, was obvious. The statute calls the debt "certificates of indebtedness." Who will owe that debt? It cannot be said it is the debt of the future consumers of water. They will owe for what

water they consume, but not for the cost of enlarging the water-works system. The city now owns a water-works system yielding a net income of $2,000 per annum, and which income it was expected would be largely increased. That income was to be pledged for the payment of the certificates. If the price to be paid for the improvement of the system was not a debt of the city, the court said it was unable to see by what authority the city could mortgage its present property and pledge its present income to secure the payment thereof. Judge Dibell pointed out that the only difference between this contract and any ordinary contract which the city might make for the enlargement of its water-works system on credit was that in this instance it was the intent that the payment should be made only out of the income to be derived by the city from supplying the public with water through said system at the rates prescribed, and that no other funds were to be resorted to for such payment.

The Court said that a distinction was sought to be drawn between an indebtedness contracted by the city in exercising its functions of government and an indebtedness contracted by it in a commercial transaction, such as the sale and delivery of water to consumers. The Constitution does not recognize the distinction, but forbids a city to become indebted beyond the 5 per cent limit "in any manner or for any purpose," a restriction as comprehensive as words could express. In the opinion of Judge Dibell, the distinction was not real, and if allowed it would open the way to other methods of going in debt beyond the prescribed limit.

Another interesting decision is that rendered last June by the Supreme Court of South Carolina in what is known as the Charleston water-works case. In that instance it was not sought to issue bonds or certificates, but to make a contract with a water company by which the municipality bound itself to pay a certain sum annually. Under an Act of the Legislature of South Carolina passed in 1899, giving authority to cities of 45,000 inhabitants or over to make contracts for more than a year, the city of Charleston had undertaken to enter into a contract with the Charleston Light & Water Company for a supply of water. The company was to issue bonds and spend a large amount of money in building a system, and the city on its part was to pay the company $42,000 annually for fifty years, and to allow it to furnish water to the citizens of Charleston at certain prescribed rates.

The arrangement was attacked on a variety of grounds in a taxpayer's suit, and the South Carolina Supreme Court, by a unanimous vote, decided that the proposed arrangement was in conflict with the provisions of the South Carolina Constitution limiting municipal indebtedness to 8 per cent. The position of the Court was that the contract was an agreement to pay $2,100,000 in fifty annual instalments of $42,000 each. The Court said the question was whether an obligation to pay money in this way, made under the city's corporate seal, was a bonded indebtedness. The Court reached the conclusion that it was. A bond, the opinion declares, is nothing more than an agreement or contract under seal to pay money or to do some other thing. Any indebtedness, therefore, the payment of which is secured by a contract under seal must be regarded as a bonded indebtedness. Being a bonded indebtedness, and Charleston having already a debt in excess of the 8 per cent limit fixed by the Constitution, the contract was accordingly held to be null and void.

ALABAMA'S NEW CONSTITUTION.

Considerable interest has been felt by investors and municipal bond houses in the work of the Alabama Constitutional Convention. This body has recently concluded its labors, having formed a new Constitution which is to be submitted to the people of the State for adoption at the election on November 11. As was pointed out in the columns of the CHRONICLE on July 6 last, the old instrument which has been in effect since 1875 is radically defective in the provisions relating to debt and taxation. Because of these defects a decidedly anomalous situation has arisen concerning the credit and the interest and debt-paying ability of the municipalities (and also of some counties) of the State.

While the Convention was in session, many of the State's more thoughtful citizens, and many of its well-wishers outside of the State, were indefatigable in their efforts to induce the members to frame a new instrument which in the particulars mentioned should be adequate to the requirements and be a credit to the people of that old Commonwealth. The Editorial Association of the State last June adopted resolutions urging appropriate action, and Mr. R. B. Sperry, of the well-known house of Sperry, Jones & Co. of Baltimore, made an eloquent and a forcible plea before the Convention, showing how hurtful to the interests of the State and its good name the existing Constitution is, and pleading for rational and enlightened treatment of the subject—so pregnant in its possibilities regarding the future welfare of the State.

Alabama's old Constitution reversed the ordinary course, and instead of fixing a debt limit left action in that regard unrestrained, but provided that the rate of taxation should not exceed a certain prescribed figure. It was no doubt thought that the effect would be the same. The arrangement, however, did not work quite that way. The tax rate (and therefore the amount to be raised by taxation) being restricted, it was always within the power of a municipality to use the proceeds of the tax collections for the ordinary purposes of the Government, leaving nothing available for the bondholders. A municipality might be sincerely desirous of meeting its obligations, and yet as the tax rate was small and the yield barely sufficient to meet the running expenses of Government, the municipality would perforce be obliged to let the bondholder go without his interest.

The most noteworthy consequence, therefore, resulting from the weakness in the old Constitution has been that it has led to a good many defaults, some undesigned and genuinely regretted, others readily and complacently assumed. In the arguments before the Convention the case of a county was cited which had an indebtedness of less than 5 per cent of the taxable value of the county and which was yet in default for a large sum in the payment of interest on this conservative percentage of debt. The reason for the default assigned by the officials was that they could not make provision for the payment of the interest, as they needed practically all the result of their tax levies to pay salaries, court expenses, etc.

In contradistinction to cases of this kind, may be cited the action of the city of Birmingham. This municipality was genuinely anxious to meet its bond interest, but an insufficient tax rate stood as a bar to doing so. There being no alternative, the municipality in August 1895 made an arrangement with the old bondholders by which the latter agreed

for a term of five years to defer their claim for one-half the interest—the other half being paid in cash. At the same time they set about to have the fundamental law of the land changed with the view to enabling them to pay their honest obligations in full. In 1899 an amendment to the Constitution was adopted by the people of the State permitting Birmingham to increase its tax rate one half of one per cent, the proceeds to be applied exclusively to the payment of interest on the city's bonds and in the creation of a sinking fund. Thereupon (on August 13 1900) the one half of the coupons which was in arrears was paid, even interest on the deferred payments being added, and now the city of Birmingham meets its coupons regularly and in full.

Of course it was open to other municipalities to adopt the same course by submitting one at a time Constitutional amendments covering their cases; but Mr. Sperry in his argument, already referred to, deftly handled this suggestion, when he said: "Are you going to have the people vote upon a Constitutional amendment at the request of any sub-division of the State which asks it? Would it not be more simple to engraft into your Constitution a clause covering all the sub-divisions of the State alike? None of these sub-divisions need exercise this right unless they must in justice to their creditors; and if they must they ought to do it and be compelled to do it."

We stated at the outset that the situation arising out of the defective provisions of the existing Constitution was an anomalous one, and the instances cited show the reason why we employed this characterization. Mr. Sperry made the broad statement that of all the municipal and county debt issued by the sub divisions of the State of Alabama since the adoption of the old Constitution, not ten per cent of it can, in his estimation, be paid at maturity under present law if payment of the same is dependent upon taxation. The importance of proper treatment of the matter was thus obvious.

The new Constitution, on the points under discussion, seems to be a sort of compromise between opposing views. The general tax rates are not increased. Indeed, in at least one particular there is a reduction. But numerous exceptions of higher rates are allowed in the case of specially named cities, and the amount of the added or special rate also varies. The purpose has evidently been not to sanction any general high rate, which might lead to undue expenditure, but at the same to provide for those numerous cases where the debt has already been incurred and where the general tax rate would be insufficient to take care of the interest. The varying amount of the extra rate to be allowed is doubtless accounted for in the same way, the rate being adapted to meet the special requirements of each particular case. One distinct improvement is observed in the new instrument. There are very elaborate provisions limiting the debt, as well as the tax rates—provisions which are entirely lacking in the old document. Here, also, we observe variations and flexibility, as in the case of the tax rates, different towns and cities being granted different percentages, apparently to meet the differing necessities of each.

We print further below the provisions of the new Constitution with reference to both counties and cities, towns, etc., contrasting them with the corresponding provisions of the existing Constitution. But in order that the reader may have before him the whole of the sections with reference to debt and taxes, we shall give first of all the part relating to the State by itself. The paragraph bearing upon that point is as follows. It is in substance, and almost entirely also in words, just like the existing provision, except that the authority to negotiate temporary loans to meet deficiencies has been increased from $100,000 to $300,000.

STATE'S POWER TO CREATE DEBT—NEW CONSTITUTION.

213. After the ratification of this Constitution no new debt shall be created against or incurred by this State, or its authority, except to repel invasion or suppress insurrection, and then only by a concurrence of two-thirds of the members of each house of the Legislature, and the vote shall be taken by yeas and nays and entered on the journals; and any act creating or incurring any new debt against this State, except as herein provided for, shall be absolutely void; provided, the Governor may be authorized to negotiate temporary loans, never to exceed three hundred thousand dollars, to meet the deficiencies in the treasury, and until the same is paid no new loan shall be negotiated; provided further, that this section shall not be so construed as to prevent the issuance of bonds for the purpose of refunding the existing bonded indebtedness of the State.

As to the State's power to levy taxes for its own use, that has been *reduced* from three-quarters of one per cent to sixty five one hundredths, as follows.

STATE'S POWER TO LEVY TAXES—NEW CONSTITUTION.

214. The Legislature shall not have the power to levy, in any one year, a greater rate of taxation than sixty-five one-hundredths of one percentum on the value of taxable property within this State.

The authority of counties to levy taxes has been changed in an important respect. We give the old and the new section side by side. The limit of the rate for general county purposes is left at one-half of one per cent, and the additional amount that may be levied to pay debts existing at the time of the ratification of the old Constitution in December 1875 is left at one-quarter of one per cent. The power to levy a further special tax "to pay any debt or liability now existing against any county incurred for the erection of the necessary public buildings or other ordinary county purposes," which before was unlimited, is now placed at one-quarter of one per cent, and the language modified by leaving out the words "or other county purposes" and inserting the words "or bridges." In like manner the authority to levy an unlimited tax to pay a debt or liability "that may be hereafter created for the erection of the necessary public buildings or bridges" is changed to read "buildings, bridges or roads," and limited to not to exceed one-quarter of one per cent.

POWER OF COUNTIES TO LEVY TAXES.

OLD.	NEW.
5. No county in this State shall be authorized to levy a larger rate of taxation, in any one year, on the value of the taxable property therein than one-half one per centum: provided, that to pay debts existing at the ratification of this Constitution an additional rate of one-fourth of one per centum may be levied and collected, which shall be exclusively appropriated to the payment of such debts, or the interest thereon: provided further, that to pay any debt or liability now existing against any county incurred for the erection of the necessary public buildings or other ordinary county purposes, or that may be hereafter created for the erection of the necessary public buildings or bridges, any county may levy and collect such special taxes as may have been or may hereafter be authorized by law, which taxes so levied and collected shall be applied exclusively to the purposes for which the same shall have been levied and collected.	215. No county in this State shall be authorized to levy a greater rate of taxation, in any one year, on the value of the taxable property therein, than one-half of one per centum; provided, that to pay debts existing on the sixth day of December 1875, an additional rate of one-fourth of one per centum may be levied and collected, which shall be appropriated exclusively to the payment of such debts and the interest thereon; provided, further, that to pay any debt or liability now existing against any county, incurred for the erection, construction or maintenance of the necessary public buildings or bridges, or that may hereafter be created for the erection of necessary public buildings, bridges or roads, any county may levy and collect such special taxes, not to exceed one-fourth of one per centum, as may have been or may hereafter be authorized by law, which taxes so levied and collected shall be applied exclusively to the purposes for which the same were so levied and collected.

In addition to the foregoing it appears that under certain conditions an additional tax of one-tenth of one per cent may be levied by counties for support of public schools. This permission is not found in the article relating to Taxation (Art. XI.), nor yet in the article concerning the Debt of Municipal Corporations (Art. XII.), but in the article (Art. XIV.) relating to Education. We give it below:

COUNTY SCHOOL TAX FOR SUPPORT OF SCHOOLS—NEW CONSTITUTION.

269. The several counties in this State shall have power to levy and collect a special tax not exceeding ten cents on each one hundred dollars of taxable property in such counties, for the support of public

schools: provided, that the rate of such tax, the time it is to continue and the purpose thereof, shall have been first submitted to a vote of the qualified electors of the county, and voted for by three-fifths of those voting at such election, but the rate of such special tax shall not increase the rate of taxation, State and county combined, in any one year, to more than one dollar and twenty-five cents on each one hundred dollars of taxable property; excluding, however, all special county taxes for public buildings, roads, bridges and the payment of debts existing at the ratification of the Constitution of eighteen hundred and seventy-five. The funds arising from such special school tax shall be so apportioned and paid through the proper school officials to the several schools in the townships and districts in the county that the school terms of the respective schools shall be extended by such supplement as nearly the same length of time as practicable; provided that this section shall not apply to the cities of DECATUR, NEW DECATUR and CULLMAN.

The section concerning the tax-levying power of municipalities is a small one in the old Constitution. In the new instrument it is a very long one. We give both below. The general limit is left at one-half of one per cent. The added limit for debt existing at the time of the adoption of the old Constitution is kept at one per cent. The exceptions in the case of Mobile, which are a feature of the existing instrument, are continued in the new. Huntsville and Bessemer and the town of Andalusia are placed on the same footing with Birmingham, which by Constitutional amendment adopted in 1899 was given the right, as stated above, to levy an extra one-half of one per cent to pay interest and principal of its debt. Montgomery is given authority to levy an extra three-quarters of one per cent to be devoted to the same purpose, "and to the maintenance of its public schools and public conveniences." A number of other cities are also mentioned where it is permissible to levy extra taxes under specified conditions—some up to one-half of one per cent, others only up to three-tenths of one per cent. In the case of most of the cities that are endowed with extra tax-levying powers, it is distinctly provided that the extra tax must be authorized "by a majority vote of the qualified electors voting at a special election held for the purpose."

TAXING POWER OF MUNICIPALITIES—**OLD** CONSTITUTION.

§ 7. No city, town, or municipal corporation, other than provided for in this article, shall levy or collect a larger rate of taxation, in any one year, on the property thereof, than one-half of one per centum of the value of such property, assessed for State taxation during the preceding year: Provided, that for the payment of debts existing at the time of the notification of this Constitution, and the interest thereon, an additional rate of one per centum may be collected, to be applied exclusively to such indebtedness: And, provided, This section shall not apply to the city of MOBILE, which city may, until the first day of January, one thousand eight hundred and seventy-nine, levy a tax not to exceed the rate of one per centum, and from and after that time a tax not to exceed the rate of three-fourths of one per centum to pay the expenses of the city government, and may also, until the first day of January, one thousand eight hundred and seventy nine, levy a tax not to exceed the rate of one per centum, and from and after that time a tax not to exceed the rate of three-fourths of one per centum, to pay the existing indebtedness of said city and the interest thereon.

TAXING POWER OF MUNICIPALITIES—**NEW** CONSTITUTION.

216. No city, town, village or other municipal corporation, other than as provided in this Article, shall levy or collect a higher rate of taxation in any one year on the property situated therein than one-half of one per centum of the value of such property as assessed for State taxation during the preceding year; provided, that for the purpose of paying debts existing on the sixth day of December 1875, and the interest thereon, a tax of one per centum may be levied and collected, to be applied exclusively to the payment of such indebtedness; and provided further, that this section shall not apply to the city of MOBILE, which city may from and after the ratification of this Constitution, levy a tax not to exceed the rate of three-fourths of one per centum to pay the expenses of the city government, and may also levy a tax not to exceed three-fourths of one per centum to pay the debt existing on the sixth day of December 1875, with interest thereon, or any renewal of such debt; and provided further, that this section shall not apply to the cities of BIRMINGHAM, HUNTSVILLE and BESSEMER and the town of ANDALUSIA, which cities and town may levy and collect a tax not to exceed one-half of one per centum, in addition to the tax of one-half of one per centum as hereinbefore allowed to be levied and collected, such special tax to be applied exclusively to the payment of interest on bonds of said cities of BIRMINGHAM, HUNTSVILLE and BESSEMER and town of ANDALUSIA, respectively, heretofore issued in pursuance of law, or now authorized by law to be issued, and for a sinking fund to pay off said bonds at maturity thereof; and provided further, that this section shall not apply to the city of MONTGOMERY, which city shall have the right to levy and collect a tax of not exceeding one-half of one per centum per annum upon the value of the taxable property therein as fixed for State taxation, for general purposes, and an additional tax of not exceeding three-fourths of one per centum per annum upon the value of property therein, as fixed for State taxation, to be devoted exclusively to the payment of its public debt, interest thereon and renewals thereof, and to the maintenance of its public schools and public conveniences; and provided further, that this section shall not apply to TROY, ATTALLA, GADSDEN, WOODLAWN, BREWTON, PRATT CITY, ENSLEY, WYLAN and AVONDALE, which cities and towns may from and after the ratification of this Constitution levy and collect an additional tax of not exceeding one-half of one per centum; and, provided further, that this section shall not apply to the cities of DECATUR, NEW DECATUR and CULLMAN, which cities may from and after the ratification of this Constitution levy and collect an additional tax of not exceeding three-tenths of one per centum per annum, such special tax of said city of DECATUR to be applied exclusively for the public schools, public school buildings and such special tax of said cities of NEW DECATUR and CULLMAN to be applied exclusively to educational purposes, and to be expended under their respective boards of public school trustees; and public improvements; but this additional tax shall not be levied by TROY, ATTALLA, GADSDEN, BESSEMER, WOODLAWN, BREWTON, PRATT CITY, ENSLEY, WYLAM, AVONDALE, DECATUR, NEW DECATUR or CULLMAN unless authorized by a majority vote of the qualified electors voting at a special election held for the purpose of ascertaining whether or not said tax shall be levied; and provided further, that the purposes for which such special tax is sought to be levied shall be stated in such election call, and, if authorized, the revenue derived from such special tax shall be used for no other purpose than that stated; and provided further, that the additional tax authorized to be levied by the city of TROY, when so levied and collected, shall be used exclusively in the payment of the bonds and interest coupons thereon, hereafter issued in the adjustment of the present bonded indebtedness of said city; and provided further that the additional tax authorized to be levied and collected by the city of ATTALLA shall, when so levied and collected, be used exclusively in the payment of bonds to the amount of not exceeding twenty-five thousand dollars and the interest coupons thereon, hereafter to be issued in the adjustment of the present indebtedness of said city; provided further, that the governing boards of the said cities, which are authorized to levy an additional tax, after the holding of an election as aforesaid, are hereby authorized to provide by ordinance the necessary machinery for the holding of said election and declaring the results thereof.

An entirely new feature is a provision for an inheritance tax, as follows.

PROPOSED INHERITANCE TAX—**NEW** CONSTITUTION.

219. The Legislature may levy a tax of not more than two and one-half per centum of the value of all estate, real and personal, money, public and private securities of every kind in this State, passing from any person who may die, seized and possessed thereof, or of any part of such estate, money or securities or interest therein transferred by the intestate laws of this State or by will, deed, grant, bargain, sale or gift, made or intended to take effect in possession after death of the grantor, devisor or donor, to any person or persons, bodies politic or corporate, in trust or otherwise, other than to or for the use of the father, mother, husband, wife, brothers, sisters, children or lineal descendants of the grantor, devisor, donor or intestate.

In addition to all this, restrictions are now placed, as noted above, on the debt-making power, both as to the amount of debt that may be incurred and the preliminaries that must be gone through—such as the requirement that the bonds must be approved by the electors at the polls before they can be issued. The provisions are so lengthy we cannot undertake to summarize them, and we subjoin them herewith in full.

DEBT-INCURRING POWER OF COUNTIES AND MUNICIPALITIES—**NEW** CONSTITUTION.

222. The Legislature, after the ratification of this Constitution, shall have authority to pass general laws authorizing the counties, cities, towns, villages, district or other political sub-divisions of counties to issue bonds, but no bonds shall be issued under authority of a general law unless such issue of bonds be first authorized by a majority vote by ballot of the qualified voters of such county, city, town, village district or other political sub-division of a county, voting upon such proposition. The ballot used at such election shall contain the words: "For —— bond issue," and "Against —— bond issue" (the character of the bond to be shown in the blank space), and the voter shall indicate his choice by placing a cross mark before or after the one or the other. This section shall not apply to the renewal, refunding or re-issue of bonds, lawfully issued, nor to the issuance of bonds in cases where the same have been authorized by laws enacted prior to the ratification of this Constitution, nor shall this section apply to obligations incurred or bonds to be issued to procure means to pay for street and sidewalk improvements or sanitary or storm-water sewers, the cost of which is to be assessed, in whole or in part, against the property abutting said improvements, or drained by such sanitary or storm-water sewers.

223. No city, town or other municipality shall make any assessments for the cost of sidewalk or street paving, or for the cost of the construction of any sewers against property abutting on such street or sidewalk so paved or drained by such sewers in excess of the increased value of such property by reason of the special benefits derived from such improvements.

224. No county shall become indebted to an amount, including present indebtedness, greater than three and one-half per centum of the assessed value of the property therein; provided, this limitation shall not affect any existing indebtedness in excess of such three and one-half per cent, which has already been created or authorized by existing law to be created; provided that any county which has already incurred a debt exceeding three and one-half per centum of the assessed value of the property therein shall be authorized to incur an indebtedness of one and one-half per centum of the assessed value of such property in addition to the debt already existing. Nothing herein contained shall prevent any county from issuing bonds, or other obligations, to fund or refund any indebtedness now existing or authorized by existing laws to be created.

225. No city, town or other municipal corporation having a population of less than 6,000, except as hereinafter provided, shall become indebted in an amount, including present indebtedness, exceeding 5 per centum of the assessed value of the property therein, except for the construction or purchase of water works, gas or electric lighting plants or sewerage, or for the improvements of streets, for which purposes an additional indebtedness not exceeding 3 per centum may be created; provided, this limitation shall not affect any debt now authorized by law to be created nor any temporary loans to be paid within one year, made in anticipation of the collection of taxes not exceeding one-fourth of the annual revenues of such city or town. All towns and cities having a population of 6,000 or more, also GADSDEN, ENSLEY, DECATUR and NEW DECATUR, are hereby authorized to become indebted in an amount, including present indebtedness, not exceeding 7 per centum of the assessed valuation of the property therein, provided that there shall not be included in the limitation of the indebtedness of such last described cities and towns, the following described classes of indebtedness, to wit: temporary loans, to be paid within one year, made in anticipation of the collection of taxes, and not exceeding one-fourth of the general revenues, bonds or other obligations already issued, or which may hereafter be issued for the purpose of acquiring, providing or constructing school houses, waterworks and sewers; and obligations incurred and bonds issued for street or sidewalk improvements, where the cost of the same, in whole or in part, is to be assessed against the property abutting said improvements; provided, that the proceeds of all obligations issued as herein provided, in excess of said 7 per centum, shall not be used for any purpose other than that for which said obligations were issued. Nothing contained in this Article shall prevent the funding or refunding of existing indebtedness. This Section shall not apply to the cities of SHEFFIELD and TUSCUMBIA.

226. No city, town or village, whose present indebtedness exceeds the limitation imposed by this Constitution, shall be allowed to become indebted in any further amount, except as otherwise provided in this Constitution, until such indebtedness shall be reduced within such limit; provided, however, that nothing herein contained shall prevent any municipality except the city of GADSDEN from issuing bonds already authorized by law; provided further, this Section shall not apply to the cities of SHEFFIELD and TUSCUMBIA.

United States Debt and Its History.

The following is a statement of the debt of the United States past and present. To add to its usefulness we give references to the laws authorizing each of the issues of bonds outstanding to-day, and likewise, so far as we deem it needful, citations from those laws.

All our figures, except when otherwise noted, represent the status at the close of business June 30 or the beginning of business on July 1 of each fiscal year. To conform to that feature and yet furnish information through which any reader can always have the data for a correct exhibit of the debt situation at any past or future day, and make an accurate comparison with previous years, we present, FIRST, the details as they stood at the close of the last fiscal year ending June 30 1901; SECOND, the changes in those details since June 30 1901 down to October 1 1901; THIRD, the items of interest-bearing debt, &c., at the beginning of each fiscal year since July 1 1876; FOURTH, we publish in the CHRONICLE every month—usually the first or second Saturday—the full detailed Government statement of the debt as reported by the Treasurer on the last day of the previous month; some months lack of space forces us to delay the publication to a later week.

With these data at his command, it would seem as if any inquirer could satisfy himself fully with reference to every point which might become of importance for him to know respecting the United States debt.

Aggregate June 30 1901 of debt bearing no interest		$383,015,584 63

The foregoing shows that the Government debt on June 30 1901 was made up of (1) interest-bearing debt, $987,141,040, of (2) debt on which interest has ceased, $1,415,620 26, of (3) debt bearing no interest, $383,015,584 63, making total *gross* debt, $1,371,572,244 89; subtracting from the total the net cash balance in the Treasury ($326,833,124 92) at the same date (June 30 1901), we have the net debt as it stood at the close of the last fiscal year, $1,044,739,119 97. To bring down the *interest-bearing* debt to Oct. 1 1901—which, as stated, was $987,141,040 on June 30 1900—we must deduct the following: From the Loan of 1908-1918 $1,367,200, from the Funded Loan of 1907, $9,134,350, from the Refunding Certificates, $120, from the Loan of 1925, $3,860.6 0 and from the Loan of 1904, $812,650 (a deduction of $20,174,920), to reach the total of the interest-bearing debt Octo er 1, 1901, which was $966,966,120.

For *later and future details of the debt, see the same* as issued every month in the CHRONICLE, the first or a later Saturday. We now add, *first*, references to and citations from the laws which are the authority for the debt as it stands to-day, including the new 2 per cent loan authorized March 14, 1900; *second*, the two tables on the next page, which exhibit all the particulars of the total debt of the United States on June 30 of each year from 1876 to 1901, and on October 1, 1901; *third*, the Pacific Railroad bonds, which are never included in the Treasury debt statements.

"FUNDED LOAN OF 1891" (Column 1) 4½ per cents, continued at 2 per cent. The bonds of this issue were issued in exchange for the 4½ per cent funded loan of 1891 by agreement between the Secretary of the Treasury and the holders, and were made redeemable at the pleasure of the Government. Amount issued $25,364,500, but May 18 all were called for redemption on August 18, when interest ceased.

"CONSOLS OF 1930."—(Column 9.) Bonds (2 per cent payable at the pleasure of the Government after 30 years) authorized in "Act to define and fix the standard of value," etc. (for copy of Act see CHRONICLE, March 3, 1900, page 411), for the purpose of refunding (1) outstanding United States bonds bearing interest at 5 per cent payable Feb. 1, 1904; (2) bonds bearing interest at 4 per cent payable July 1, 1907, and (3) bonds bearing interest at 3 per cent payable August 1, 1908 (the "ten-twenties of 1898"). For details of arrangement see Secretary Gage's circular with reference to the operations for carrying out the refunding provisions of the bill in CHRONICLE, March 17, 1900, page 509. Of these 2 per cents there were outstanding October 1, 1901, according to debt statement, $445,940,750.

"LOAN OF 1908-1918."—(Column 7.) The bonds included under this head are an issue of $200,000,000 3 per cents. They were authorized by Act of June 13 1898, and are known as the "War loan." The law provided that in allotting said bonds the individual subscriptions of the lowest amount must be first allotted. On the day the Act was signed a Treasury circular was issued (see circular in CHRONICLE of June 18 1898, page 1168,) inviting subscriptions for 32 days, from June 13 to July 14, for the amount of bonds stated, in both coupon and registered form, coupons in denominations of $20, $100, $500 and $1,000, and registered in denominations of same amounts, and also in $5.000 and $10,000, dated August 1 1898, redeemable in coin at the pleasure of the United States after ten years from date of issue, and due and payable August 1 1918. See circular for further details. Subscriptions reached the amount of $1,325,000,000. The amount now outstanding (October 1 1901) is $98,254,220.

"FUNDED LOAN OF 1907" (Column 2) 4 per cents. The act of July 14, 1870, authorized the issue of 1,000 million dollars of bonds at 4 per cent, payable in coin of the present standard value, at the pleasure of the United States after thirty years; these bonds to be exempt from all taxes or duties of the United States, as well as from taxation in any form by or under State, municipal or local authority. Bonds to be sold at not less than par in coin, and proceeds to be applied to the redemption of outstanding 5-20s, par for par. Outstanding (October 1, 1901), $248,241,700.

"REFUNDING CERTIFICATES" (Column 3).—Act of February 26 1879 authorized the Secretary of the Treasury to issue in exchange for lawful money of the United States certificates of deposit of the denomination of ten dollars, bearing interest at the rate of 4 per cent, and convertible at any time, with accrued interest, into the 4 per cent bonds described in the Refunding act; the money so received to be applied only to the payment of the bonds bearing interest at a rate not less than 5 per cent. On March 12 1879 the issue of these certificates and their exchange into 4 per cent bonds were authorized; the certificates were to draw 4 per cent interest from April 1 1879 and were convertible in sums of $50 or its multiples. The amount issued at the close of the fiscal year (June 30 1879) was $39,308,110, but they had been converted so rapidly that there were outstanding at that date only $12,848,210. On October 31 1879 the entire authorization had been reached, the maximum amount of the issue being $40,012,750. Of these there were still outstanding on October 1, 1901, a total of $33,200.

"LOAN OF 1925."—(Column 5.) Sales of bonds included under this designation were effected (1) in February 1895 to the amount of $62,315,400 and (2) in February 1896 to the amount of $100,000,000. In a message to Congress under date of February 8, 1895 (published in the CHRONICLE February 9 1895, page 244), President Cleveland stated in substance that in pursuance of Section 3700 of the Revised Statues the details of an arrangement have this day been concluded whereby bonds authorized under the act of July 14 1875, payable in coin at the pleasure of the United States after the first day of Feb., 1925, with interest at the rate of 4 per cent per annum, to the amount of $62,315,400, are to be issued for the purchase of gold coin amounting to a sum slightly in excess of $65,000,000, to be delivered to the Treasury of the United States, which sum added to the gold now held in our reserve will so restore such reserve as to make it amount to something more than $100,000,000. Such a premium is to be allowed to the Government upon the bonds as to fix the rate of interest upon the amount of gold realized at 3⅓ p. c. per annum. At least one-half of the gold to be obtained is to be supplied from abroad. Section 3700 of the Revised Statutes is as follows:

"Sec. 3700. The Secretary of the Treasury may purchase coin with any of the bonds or notes of the United States authorized by law at such rates and upon such terms as he may deem most advantageous to the public interest."

For a construction of the "Refunding Act of 1870" and of the "Resumption Act of 1875," see CHRONICLE, February 18 1893, page 265.

The issue in February 1896 was an ordinary offering, open to all bidders, of $100,000,000 of the same bonds as the foregoing—same in date, same in time of maturity, same in rate of interest and time of interest payments. Consequently both issues are called the "Loan of 1925," of which there are outstanding $153,454,800.

"LOAN OF 1904."—(Column 4.) The act of January 14 1875 authorizes the Secretary of the Treasury to use any surplus revenues from time to time in the Treasury not otherwise appropriated, and to issue, sell, dispose of, at not less than par in coin, either of the descriptions of bonds of the United States described in the act of July 14 1870 for the purpose of redeeming on and after January 1 1879 in coin, at the office of the Assistant Treasurer of the United States at New York, the outstanding legal-tender notes when presented in sums of not less an fifty dollars. Under this authorization, and for the purpose mentioned, there were issued in Feb., 1894, payable in 10 years, $50,000,000 of 000 of 5 per cents and in Nov, 1894, there were issued $50,000,000 more for similar bonds for same purpose. Now outstanding $21,041,450.

In April, 1895, we gave a table showing the debt of the United States on the first day of July 1856, and every subsequent year. It is not necessary to repeat all those figures. We have determined on this occasion to begin our statement with 1876, as that year antedates all of the issues now outstanding, and yet carries the record sufficiently far back to show the nature and extent of the Government securities when the refunding operations of that period began. It has the advantage, too, of giving separate and distinct each issue of bonds now outstanding. The statement is subjoined.

NOTE 1.—The annual interest charge is computed upon the amount of outstanding principal at the close of the fiscal year, except in the case of October 1, for which the total is of that date, and is exclusive of interest charge on Pacific Railway bonds.

NOTE 2.—The figures for July 1 1879 were made up assuming pending funding operations to have been completed.

* NOTE 3.—Under the Act of March 14 1900 the Treasury Department has kept the gold Reserve Fund of $150,000,000 as a separate item, and not included it in the available cash balance. In the foregoing statement, however, we have continued to include the item so as not to embarrass comparison with previous years.

PACIFIC RAILROAD DEBT.—One other class of bonded debt must be referred to which has never been included in the total of Government debt—we mean the Pacific Railroad subsidy debt. To show the situation of this indebtedness we have to make compilations of our own, as the Treasury form comes short of indicating the existing situation. In the following we bring together the details respecting the issues to the Pacific Railroads, giving likewise in the statement the debt already paid and the balance due to the Government.

* Government accepted principal of bonds of Kansas Pacific RR.—$6,303,000—for indebtedness, but subsequently received an additional $821,898 on distribution of assets of Union Pacific, as mentioned in "note" below. The remainder ($5,785,560 34) represents the loss to Government under the settlement. † Government realized the sum of $2,122,841 24 from sale of claim against Sioux City & Pacific RR, or $2,057,176 94 less than the company's indebtedness.

NOTE.—The Government has been reimbursed for $27,236,512 principal and $31,211,711 75 interest, being the total indebtedness of the Union Pacific Railroad Company to Nov. 1, 1897, and for the principal of the Kansas Pacific indebtedness, amounting to $6,303,000 Subsequently under the final decree for the distribution of the assets of the Union Pacific Railroad, made by Judge Sanborn at St. Paul, October 24, 1899, the United States received an additional $821,898 on its claim. Under settlement agreement of Feb. 1, 1899, twenty notes of the Central Pacific Railroad Company were delivered to the Treasurer of the United States, aggregating $58,812,715 60, which amount represented the unpaid balance of the total indebtedness of the Central Pacific and Western Pacific Railroad companies to the United States on February 1, 1899 On March 10, 1899, in pursuance of agreement, the first four of said notes, aggregating $11,762,543 12 (with accrued interest amounting to $35,771 02) were transferred in consideration of a full cash payment into the Treasury of the principal and interest thereon: another note which, with interest, amounted to $2,946,194 79 was paid in February, 1900. Payments in 1901 have aggregated $,4885,304 29, as follows: $2,956,317 95 in February, $1,496,090 41 in March and $432,895 93 in July, leaving the balance unpaid Sept. 30, 1901, $39,369,562 56, and accrued interest, less transportation earnings.

DEBT LIMITATIONS.—Constitutional and statutory limitations restricting municipal indebtedness have become quite a feature since the crisis of 1873. In the States where these limitations are provisions of the Constitution of course debts contracted in excess of such limitation are absolutely void. In Maine the amendment to the Constitution took effect January 2, 1878, and is in the following form and words: "Article XXII. Limitation of Municipal Indebtedness. No city or town "shall create any debt or liability which, singly or in the aggregate, "with previous debts or liabilities, shall exceed five per centum of the "last regular valuation of said city or town; *provided, however*, that "the adoption of this article shall not be construed as applying to any "fund received in trust by the said city or town, nor to any loan for the "purpose of renewing existing loans, or for war, or to temporary loans "to be paid out of money raised by taxation during the year in which "they are made."

SAVINGS BANKS' INVESTMENTS—POWERS AND RESTRICTIONS.—The provisions regulating the investments and loans of savings banks and institutions for savings in the State of Maine are contained in Public Laws 1895, Chapter 161, Public Laws 1893, Chapter 170, and Revised Statutes, Chapter 47, Sections 102 and 103.

HISTORY OF DEBT. New Hampshire's debt history is very brief. This State has always been extremely conservative, and no bonds were issued until after the breaking out of the Civil War. In 1866 New Hampshire reported her funded indebtedness at $4,169,818, contracted exclusively for war purposes. June 1, 1869, the total outstanding was $3,213,962 22, against which the Treasurer reported an asset of $77,082 89. The situation of the State debt now is as below:

LOANS NAME AND PURPOSE.	Interest. P. Ct.	Interest. Payable.	Principal. When Due.	Principal. Outstand'g.
Agricultural College 1893.	4	J & J	July 1, 1913	$135,000

Of the trust funds held June 1, 1901, $80,000 bear 6 per cent interest and $704,062 87 bear 4 p. c. interest, no interest being paid on $1,960 56.

PAR VALUE OF BONDS.—The bonds of this State are in $500 and $1,000 pieces.

INTEREST is payable at the Commonwealth Bank of Boston and at State Treasurer's office.

TOTAL DEBT.—The *net* debt on June 1, 1901, was $1,008,632 94. The subjoined statement shows New Hampshire's *total* debt on the dates named. Assets June 1, 1901, were $785,162; floating debt, $12,471 93.

ASSESSED VALUATION.—The State's total assessed valuation (including taxable savings, bank savings and insurance capital) has been as follows:

Years.	Valuation.	Years.	Valuation.

1896	259,116,800	1885	218,122,554

CONSTITUTIONAL CONVENTION.—At the November (1900) election, it was voted to hold a convention to revise the State Constitution. The convention for this purpose will convene in the fall of 1902.

DEBT LIMITATION.—There is no restriction in the Constitution of New Hampshire upon the debt-making power of the people through the "General Court," *except* the following, which is the last clause of Article 5 of Part Second of that instrument.

Provided, That the General Court shall not authorize any town to loan or give its money or credit directly or indirectly for the benefit of any corporation having for its object a dividend of profits or in any way aid the same by taking its stocks or bonds.

The above is an amendment to the Constitution, which was ratified in 1877. The amendment would appear to be intended as a complete estoppel to municipal loaning of money or credit to railroad and industrial corporations. It is to be noticed, however, that by its terms the restriction does not specifically mention "cities," the words being "any town."

In addition to the foregoing is the "Municipal Bond Act of 1895." It tells in the matter of issuing bonds what a municipal corporation may do, what it must do, and what it cannot do. The law enacts: *Sec.* 1. The term "municipal corporation" means town, city, school district, village district and village precinct. *Sec.* 2. Bonds issued must be payable within 20 years, interest semi-annual, not exceeding 6 per cent, may be payable in gold coin. If made payable in less than 20 years, may be extended but never beyond 20 years from time of issue. *Sec.* 3. Bonds (except of cities) must be authorized by a vote of two-thirds of all voters present and voting at an annual meeting of such corporation, or at a special meeting if properly called, &c. (for which see act). Bonds must be signed by a majority of the Governing Board, countersigned by Treasurer and have seal of corporation. Time and place of payment and rate of interest, &c., may be delegated to Governing Board. *Sec.* 4. City bonds must be authorized by resolution of City Council passed by at least two-thirds of members elected to each branch taken by yeas and nays, signed by Mayor, countersigned by Treasurer, seal of city affixed. Place of payment, rate of interest and sale may be delegated to Treasurer. *Sec.* 5. Bonds shall be payable to bearer or to registered holder by name, and must be in form set out in act—which see. In case bonds be made subject to call they must contain statement to that effect as given in act. "The validity of any bonds shall not be affected by any variation from the forms herein prescribed." *Sec.* 6. Treasurer to keep a book in which he shall register bonds issued, &c. *Sec.* 7. "All bonds purporting to be issued by virtue of this act and signed and sealed as hereinbefore provided shall in favor of bona fide holders be conclusively presumed to have been duly and regularly authorized and issued in accordance with the provisions herein contained, and no holder thereof shall be obliged to see to the existence of the purpose of the issue or to the regularity of any of the proceedings or to the application of the proceeds. All such bonds shall be negotiable in all respects and to the same extent as securities negotiable by the law merchant." *Sec.* 8. Annual tax must be levied and collected sufficient to pay interest and provide a sinking fund sufficient to pay principal within 20 years. *Sec.* 9. No bonds can be issued which shall increase the *net* debt of corporation to an amount exceeding 5 per cent of the value of the taxable property therein as last appraised for assessing taxes. To ascertain *net* debt, all debts must be included except the following, which must be deducted—water debt, "cash and other means" in treasury and sinking funds applicable to payment of debt so included; "but nothing contained in this section shall prevent the issue of bonds for the purpose of refunding an equal principal amount of other bonds of such corporation." *Sec.* 10, corporation seal. *Sec.* 11. Act to take effect on passage. Approved March 19, 1895.

The tax rate for 1902 is $1·75 per $1,000, which includes State school and State highway taxes of 50 cents each per $1,000, collected and re-distributed to towns on a basis of the number of schools and road mileage.

DEBT LIMITATIONS.—There appears to be nothing in the Constitution or in the Statutes of Vermont providing a general limit to the debt-making power of municipalities. Whatever in each case the Legislature authorizes, the city, town, county or other civil division can issue. Of course the purpose of the improvement must be of a public character. Railroad subscriptions by towns are authorized by Section 2760, chapter 132 of the Revised Statutes, the section being as follows:

SECTION 2760. A town may aid in the construction of a railroad organized under the general law by issuing bonds to aid such railroad, by taking capital stock therein, or in such other manner as it directs, but the liability so assumed shall not exceed eight times the grand list of the town at the time. Such aid shall be given in the way provided in this chapter.

It will be noticed that this section contains a limit to the power granted of making subscriptions in aid of railroads—to wit: That the subscriptions shall not exceed eight times "the grand list." To evolve the "grand list" in Vermont, the authorities first prepare a schedule of all the property, real and personal, of each individual, with valuations entered at their real value in money, deducting debts owing; after this is done "the grand list" is made up by taking one per cent of that amount, according to Section 317, Chapter 25, of the Revised Statutes, which is as follows: "All taxable property shall be set in the list at one "per cent of its value in money on the first day of April of the year "in which the list is made."

Following Section 2760, above cited, which authorizes subscriptions in aid of railroads, are other sections describing the method in which these subscriptions must be made, by calling a town meeting, voting, &c., &c. Then follows Section 2766, authorizing the issue of bonds.

SECTION 2766. Such town may issue bonds, with coupons payable semi-annually, at a rate of interest not exceeding seven per cent, to aid such road.

The only other *general* authority granted for the issue of bonds by municipal corporations in Vermont is that given for refunding outstanding bonds and notes. The Sections which grant this power are Sections 2769, 2775 and 2776, Chapter 132 of the Revised Statutes, Sections 2769 and 2776 are as follows:

SECTION 2769. A town which has outstanding and unpaid negotiable notes or bonds, issued to pay for stock subscribed to a railroad company, under any act of the general assembly, may issue other negotiable notes or bonds to pay or retire such outstanding notes or bonds.

SECTION 2,775. A town having outstanding and unpaid orders, notes, bonds or coupons, issued under any act of the Legislature, for the purpose of the erection of public buildings, or in aid of public improvements, or for the payment of soldiers' bounties, may issue other negotiable notes or bonds for the purpose of retiring the outstanding orders, notes, bonds and coupons, in the same manner that it may issue new notes or bonds to pay or retire outstanding notes or bonds issued in aid of a railroad; and the powers, restrictions, duties and liabilities of the town and town officers in the matter shall be the same as is provided by law in the case of the refunding by a town of town bonds issued in aid of a railroad, and the interest on such new notes or bonds shall be provided for in the same manner.

By Section 2776 municipal corporations other than towns have the same refunding powers granted them which are conferred upon towns by the two sections last above cited.

The only other section which we need quote is Section 2751 of Chapter 130, which names the objects for which towns may vote money. If money is appropriated for any other object, the Charter or a special statute must be looked to for the authority.

SECTION 2751.—Towns in town meetings may vote such sums of money as they judge necessary for the support of the poor; for laying out and repairing highways; for the prosecution and defense of the common rights and interests of the inhabitants, and for other necessary incidental town expenses.

POPULATION OF STATE.—According to the United States Census the population of Vermont has been as follows:

1900	343,641	1860	315,098	1820	235,966
1890	332,422	1850	314,120	1810	217,895
1880	332,286	1840	291,948	1800	154,465
1870	330,551	1830	280,652	1790	85,425

SAVINGS BANKS INVESTMENTS—PRIVILEGES AND RESTRICTIONS.—The provisions of law relating to savings banks are found in Chapter 174 of the Vermont statutes, Sections 4066 to 4131 inclusive, as amended from time to time. The first section having reference to investments is Section 4096, which treats of *real estate mortgages.* It authorizes the investment of 70 p.c. of the assets in such mortgages, one-sixth at least of which "shall be upon real estate in this State"—that is Vermont. A proviso adds that only 50 per cent of the assets may be invested in mortgages on real estate outside of Vermont. Sections 4097 and 4098 relate only to obtaining and paying for insurance. Section 4099 is as follows, and has reference to investment on *personal security.*

SECTION 4099—No loans or investments on personal security shall be made except upon at least two approved names, not less than two of whom reside in this State or within fifty miles of the institution making such investment, and such personal loans or investments shall not be for a longer time than one year; and not more than one-third of the assets of a savings bank, savings institution or trust company shall be invested in personal securities.

Section 4100 only covers a single point; that is to say it restricts to *five* per cent of the deposits the amount which a savings bank may invest in the lot and building for the transaction of its business, and adds that a revenue may be derived from portions of the building not required for the bank's use. The next section (Section 4101) covers the most important of the provisions relating to investments that are contained in the law. We give the section in full below. The separation into paragraphs and the figures in parenthesis which number and begin the paragraphs are our own.

SECTION 4101—With the foregoing exceptions, the moneys deposited in Savings Banks, Savings Institutions and Trust Companies, and the income therefrom, shall be invested only as follows:

(1.) In the public funds of the United States, or public funds for the payment of principal and interest of which the faith of the United States is pledged;

(2.) In the bonds or notes of the counties, cities, towns, villages and school districts of the New England States, New York, Pennsylvania, Ohio, Michigan, Indiana, Illinois and Iowa;

(3.) In the stock of any national bank in the New England States, New York and the cities of Detroit, Chicago, St. Paul and Minneapolis; in the stock of any banking association or trust company incorporated under the authority of and located in this State;

(4.) In the municipal bonds, not issued in aid of railroads, of counties, cities and towns of five thousand or more inhabitants in the States of New Jersey, Wisconsin, Minnesota and Missouri, and in counties, cities and towns of ten thousand or more inhabitants in the States of Kansas, Nebraska, North Dakota, South Dakota, Oregon and Washington, but no investment shall be made in any of the counties, cities or towns in the States above named, except in cities of fifty thousand or more inhabitants, where the municipal indebtedness of such county, city or town *exceeds five per cent* of its assessed valuation, and when not issued in aid of railroads;

(5.) In the school bonds and independent school district bonds of New Jersey, Wisconsin, Minnesota and Missouri; and in the school bonds and independent school district bonds of school districts of two thousand or more inhabitants in the States of Kansas, Nebraska, North Dakota, South Dakota, Oregon and Washington, where the amount of such bonds issued does not exceed five per cent of the assessed valuation of the respective cities, towns and school districts.

(6.) In the public funds of any of the States named in this section; in notes with a pledge of any of the aforesaid securities, including deposit books or deposit receipts, issued by a savings bank, savings institution or trust company or banking association located in this State, as collateral, such notes not to exceed the par or market value of such security;

(7.) But no savings bank, savings institution or trust company shall hold, by way of investment or as security for loans, more than ten per cent of the capital stock of any one bank, nor invest more than ten per cent of its deposits, nor more than thirty-five thousand dollars in the capital stock of any one bank; and no such investments shall be made in the capital stock of any such banks, owned or loaned upon, to exceed in the aggregate one-fourth of the deposits of any savings bank, savings institution or trust company.

The amount of loan which can be made to one person or corporation &c., is restricted by the next section, and we give it in full. It is as follows:

SECTION 4102—No savings bank, savings institution or trust company shall loan to any one person, firm or corporation, or the individual members thereof, more than five per cent of its deposits, nor more than thirty thousand dollars; nor shall such loans on personal security exceed ten thousand dollars, until its deposits amount to one million dollars, after which the sums so loaned may be increased one per cent of the deposits in excess of the one million dollars; but this section shall not apply to United States bonds or municipal bonds, or notes with such bonds as collateral.

We also give Section 4106 in full. It confers authority upon savings banks to make deposits on call in banks and trust companies in certain States and cities, and is as follows.

SECTION 4106.—The words "trust company" in this chapter shall be construed to include savings banks and trust companies. A savings bank, savings institution or trust company may deposit on call in banks, banking associations or trust companies in this State, or in the cities of New York, Boston, Chicago, Albany, Philadelphia, or Concord, New Hampshire, or in any other legal designated depository under the laws of the United States, or in national banks in the cities of St. Paul, Minneapolis and Kansas City, with or without interest, as may be agreed upon, sums not exceeding in the aggregate twenty per cent of the assets of such savings bank, savings institution or trust company.

Section 4107 enacts that savings banks may hold real estate acquired on foreclosure or otherwise taken to secure debt, but it must be sold within five years, unless certain prescribed steps are taken, when an extension may be granted by the inspector of finance for not exceeding three years additional. Section 4108 authorizes savings banks to demand and receive on loans 6 per cent interest.

Statutes general and special have, however, been passed on this subject with respect to Cities and Towns.

First among these Statutes needing mention we have Chapter 29 of the Revised or "Public Statutes." The important sections to be cited

contained in Chapter 29 are as follows. We give only the substance of the sections, not the words.

SECTION 1—Provides that cities and towns shall not incur debt except in the manner and within the limitations prescribed in this chapter

SECTION 2—Provides (as a preliminary for determining whether the limitation fixed by Section 4 has been reached by any municipality) that the water debt and the sinking funds shall be deducted from the total debt.

SECTION 3—Provides that the first 17 sections of chapter 29 shall not apply to debts incurred in aid of railroads, to water scrip issued under special statutes, or to indebtedness for a fire district.

SECTION 4—Provides that no city or town except as provided in the following section shall become indebted in an amount *which exceeds 3 per cent on the last preceding valuation* [but amended as noted below.]

SECTION 5—Provides that cities and towns which were indebted on the 15th day of June, 1875, to an amount not less than 2 per cent on valuation for that year may "increase such indebtedness to the extent "of an additional one per cent on that valuation and no more."

SECTION 6—Provides that cities, &c., "may by *ordinary vote* incur debts for tempory loans" in anticipation of the year's taxes and of the year's taxes next ensuing.

SECTION 7—Provides that other debts than those referred to in section 6 shall be incurred only by a vote of two-thirds of the voters present at a town meeting, of two-thirds of all the members of each branch of the city council, and approved by the Mayor; or if the Mayor disapproves, by another like vote after notice of such disapproval.

SECTION 8—Provides that debts incurred for water must be payable within 30 years; in constructing sewers within 20 years; all other debts within 10 years

SECTIONS 9 to 17 inclusive, contain interesting provisions relating to sinking funds and other allied matters.

SECTION 18—Provides that any city which at a meeting of its voters has accepted by a two-thirds vote any act to supply said city with water, may by a vote of a majority of the members of each branch of the city council contract debts and issue bonds for the purpose.

SECTION 19—Provides that towns, &c., shall not increase their debt by subscriptions in aid of railroads beyond 3 per cent of valuation; *but the limitation* of this section shall not apply to temporary loans mentioned in Section 6

SECTIONS 20 to 23, which are the final ones of Chapter 29, have no reference to the subject we are discussing and need not be cited.

As the reader has seen, the foregoing (Section 4, Chapter 29) fixes the *general* debt limitation for cities and towns *at* 3 *per cent.*

This general limitation was lowered by a later law. The provision is found in Chapter 312, Section 2 of the Laws of 1885, which provision reduces the general debt limitation of cities from 3 per cent to 2½ *per cent* on the average valuation for the preceding three years. Worcester, Lynn, Gloucester and Brockton are in the same Section exempted from the operation of the Section until January 1, 1889—later than 1889 the only exemptions we find in the Statutes are special in their purpose, not general. In 1893, however, authority was given for an addition of ½ per cent, to provide public playgrounds—that is to say, under Chapter 225, Laws of 1893, any town or city (except Boston) may incur an indebtedness of ½% of the assessed valuation beyond the limit of indebtedness for playgrounds

The temporary loans provision, as it appears above in Section 6 (Chapter 29), is also changed by Section 4, Chapter 312, by omitting "and of the year next ensuing;" so that at present cities and towns by *ordinary vote* can incur debts for temporary loans in anticipation of the taxes of the year *only* in which such debts are incurred.

Temporary loans (for a term not exceeding one year) in anticipation of money to be derived from an issue of bonds or other form of indebtedness, duly authorized, are provided for by a statute approved June 14, 1898. The same Act states that the time within which said bonds, etc., shall become due shall not be extended by reason of said temporary loan.

The foregoing statements cover all the material facts general in their application passed with respect to debt limitation. In addition to these General Provisions there are various Special Laws which contain *exceptions* to the general law as to debt limitation, which apply to Cambridge, Lynn, Newburyport, Waltham, Worcester, &c., &c.

Boston was formerly subject to a special statute (Chapter 178 of the Laws of 1885) limiting its debt to 2 per cent, but this was repealed by Chapter 399 of the Acts of 1900, and that city is now subject to Chapter 312 of the Laws of 1885 as above.

SAVINGS BANK INVESTMENTS—POWERS AND RESTRICTIONS.—The provisions regulating the investments and loans of savings banks and institutions for savings in Massachusetts are contained in Section 21, Chapter 317, acts of 1894, and amendments thereof. All the provisions have been compiled by the Commissioners of Savings Banks, and we cannot do better than to give their compilation, which we do below in full. In 1899 the authority to purchase railroad bonds was materially broadened. The amendment is included in the provisions below.

DEBT AND TAX LIMITATIONS.—Taxes in Boston are limited by Chapter 399 of the Acts of 1900 as follows:

SECTION 1. The taxes assessed on property, exclusive of the State tax, county tax and sums required by law to be raised on account of the city debt, shall not exceed in any year in the city of Boston ten and one-half dollars, and in any other city twelve dollars, on every one thousand dollars of the average of the assessors' valuations of the taxable property therein for the preceding three years, the valuation for each year being first reduced by the amount of all abatements allowed thereon previous to the thirty-first day of December in the year preceding said assessment and any order or appropriation requiring a larger assessment than is herein limited shall be void.

SECTION 2. Chapter one hundred and seventy-eight of the Acts of the year eighteen hundred and eighty-five and Chapter two hundred and eighty one of the Acts of the year eighteen hundred and eighty-seven are hereby repealed.

SECTION 3. This Act shall take effect upon its passage. [*Approved June 26, 1900.*]

The new law, in repealing Chapter 178 of the Laws of 1885, repealed a special Act limiting the indebtedness of the City of Boston to 2 per cent of the assessed valuation, etc., etc. Boston consequently is now subject to Section 2, Chapter 312, Laws of 1885, which places the debt limitation at 2½ per cent of the average assessors' valuations of the taxable property for the preceding three years. Reference to this 1885 law will be found in the debt limitations for the State of Massachusetts. See also CHRONICLE of August 4, 1900, page 250.

The foregoing limitation is of course exclusive of debts created for water supply, and further exceptions have been made from year to year by different legislatures, authorizing bonds outside of the debt limit for various purposes, especially enumerated.

It is proper to state that under Chapter 93, Acts of 1891, the city is authorized to *anticipate* its authority to borrow money within its debt limit for any current municipal year.

MUNICIPAL INDEBTEDNESS LIMITATIONS.—There is nothing in the Constitution of Rhode Island limiting the amount of city debts. The following, however, are two sections taken from Title 7, Chapter 36 (page 157) of the Revised Statutes of the State of 1896. Since 1878 these provisions have been in force, and consequently 3 per cent of the taxable property has been the limit of the power of each town (which includes city) to create debt.

SECTION 20. "The outstanding notes, bonds and contracts of towns shall be paid and be fulfilled according to the tenor thereof, and all public works now authorized to be prosecuted shall be prosecuted, and all indebtedness now authorized to be incurred on account thereof may be incurred according to the tenor of the authority therefor.

SECTION 21. No town shall, *without special statutory authority therefor*, incur any debt in excess of three per centum of the taxable property of such town, including the indebtedness of such town on the tenth day of April, one thousand eight hundred seventy-eight, but the giving of a new note or bond, for a pre-existing debt, or for money borrowed and applied to the payment of such pre-existing debt, is excepted from the provisions of this section, and the amount of any sinking fund shall be deducted in computing such indebtedness."

A proposed new constitution, containing certain limitations as to State and other debts, failed of adoption at the November election in 1898, was again submitted to popular vote in 1899 and again defeated. There was a Constitutional Amendment adopted in 1900, but it did not relate to municipal indebtedness

SAVINGS BANK INVESTMENTS AND RESTRICTIONS.—In the Revised Statutes of Rhode Island (which were revised in 1896) Sections 54, 55, 56, etc., of Chapter 178, Title 19 (on page 548), will be found the provisions of law with reference to Savings Bank Investments. Section 54, which recites in detail the stocks, bonds, etc., these institutions are allowed to put their money in is as follows:

SECTION 54. Institutions for savings shall invest their receipts—
(1) In public stocks or bonds of any State or of the United States,
(2) Or in any bank stock, or in notes or bonds of any town or city,
(3) Or in notes of any school district or fire district in any New England State,
(4) Or in such corporate stocks or bonds as they may deem safe and secure,
(5) Or they may discount notes, bonds or drafts of individuals or corporations, with two other responsible endorsers, sureties or guarantors,
(6) Or the notes, bonds or drafts of individuals or corporations secured by the public notes, stocks or bonds of any State of the United States, or of any town or city or of any school district or fire district in any New England State, or by the stock or bonds of any corporation which may be deemed to be safe, or by mortgage on real estate.

Concerning Sections 55 and 56, the first appears to give savings institutions quite extensive powers as to making and keeping deposits in commercial banks. When so kept, however, they are to be kept "payable on demand whether drawing interest or not." The two sections are subjoined.

SECTION 55.—No such institution shall have an amount exceeding one-half of its receipts invested in notes, bonds or drafts of individuals or corporations, unless secured by some public notes, bonds or stocks as aforesaid, or by mortgage on real estate; but the preceding section shall not be so construed as to forbid any such institution from placing and holding on deposit in any bank such reasonable amount of their receipts as is customary and they may deem proper, payable on demand, whether drawing interest or not.

SECTION 56.—No money shall be loaned by any institution for savings to any trustee, director or other officer of such institution.

For the other provisions of the law as they now are we would refer our readers to the Revised Statutes of 1896.

DEBT LIMITATION.—The Constitution of Connecticut contains but a single provision restricting the debt-making power. The provision is Article 25, adopted as an amendment in 1877, and is as follows:

No County, City, Town, Borough or other Municipality, shall ever subscribe to the capital stock of any railroad corporation, or become the purchaser of the bonds, or make donation to, or loan its credit in aid of, any such corporation; but nothing herein contained shall affect the validity of any bonds or debts incurred under existing laws, nor be construed to prohibit the General Assembly from authorizing any Town or City to protect by additional appropiations of money or credit any railroad debt contracted prior to the adoption of this amendment.

The foregoing is explicit and comprehensive, covering every municipality. There are no general restrictions in the Revised Statutes; whatever restrictions have been made from time to time are contained in enabling acts and in city charters.

As to towns, we notice that there is a general law granting them unlimited power to issue bonds. According to section 140, chapter 23 of the Revised Statutes, "when any town shall have made appropriations "or incurred debts, or shall hereafter make appropriations or incur "debts exceeding ten thousand dollars, it may issue bonds, either regis- "tered or with coupons attached, or other obligations, payable at such "times and at such annual rate of interest not exceeding 6 per cent, "payable annually or semi-annually, as it shall determine," &c. Cities have had no such general authority conferred upon them.

Exemption from Taxation nas been accorded by general statute to certain bonds issued by cities and towns to aid in the construction of railroads; and this exemption has been extended to new bonds issued for the purpose of redeeming or providing a fund to redeem the railroad aid bonds above referred to. This exemption is found in Section 3,820 Chapter 241 of the Revised Statutes (last clause of Section), and the bonds there named are those "issued by any town or city in aid of the "construction of the railroads of the Connecticut Western Railroad "Company, the New Haven Middletown & Willimantic Railroad Com- "pany, the Shepaug Valley Railroad Company, the Connecticut Valley "Railroad Co., the Connecticut Central Railroad Company, or either of "them." All railroads which are in whole or in part in the State are taxed by the State under Section 3920, Chapter 244 of the Revised Statutes, so that the tax on these bonds is paid by the railroads.

Exemption from tax of new bonds issued to redeem or to provide a fund to redeem the railroad aid bonds, or to redeem or to provide a fund to redeem any reissue of the same, is conferred fully by an act approved June 19, 1889, and found in the "Public Acts" for that year.

POPULATION OF STATE.—Population has been as follows:

1900	908,355	1860	460,147	1830	297,675
1890	746,258	1850	370,792	1820	275,148

SAVINGS BANKS INVESTMENTS—PRIVILEGES AND RESTRICTIONS.—At the session in 1899 material changes were made in the provisions regulating the investment of the deposits of the savings banks of Connecticut, and at the session in 1901 the scope of such investments was still further enlarged. We give below the law as thus amended, and which is known on the statute book as Chapter 48, Laws of 1901. The separation into paragraphs and the figures in parenthesis which number and begin the paragraphs we have inserted so that those who need to refer to or use any particular portion of the section can more readily find the part desired. We also indicate by means of a black-faced bracket [ ] the parts of the law which were added by the Act of 1901; otherwise we give the section as it reads and was passed.

SECTION 1.—Section 1800 of the General Statutes, as amended by chapter CCXXIX of the Public Acts of 1893, chapter CCXVII of the Public Acts of 1897, and by section one of chapter 146 of the Public Acts of 1899 is hereby amended to read as follows: Savings banks may invest—

(1) Not exceeding twenty per centum of their deposits and surplus in notes secured by the pledge of stocks or bonds as collateral security; *provided*, said stocks or bonds shall have paid dividends or interest of not less than three per centum per annum during the two years next preceding that in which the respective loan is made; or by the pledge of any stocks, bonds, or other obligations which, under the provisions of this Act, can be purchased by savings banks; and may invest not exceeding twenty per centum of their deposits and surplus in notes, each of which shall be the joint and several obligation of two or more parties, all residents of this State.

(2) And may invest in the bonds of the United States, the District of Columbia, any of the New England States, or any of the States of New York, New Jersey, Pennsylvania, Delaware, Maryland, Ohio, Kentucky, Michigan, Indiana, Illinois, Iowa, Wisconsin, Minnesota, Missouri, Nebraska, Kansas, California, Colorado, and Oregon;

(3) In the bonds of any city in the New England States, or in the State of New York; of Newark, Paterson and Trenton in the State of New Jersey; of Philadelphia in the State of Pennsylvania; of Cincinnati, Cleveland, Columbus, Dayton, and Toledo in the State of Ohio; of Louisville in the State of Kentucky; of Detroit in the State of Michigan; of Chicago in the State of Illinois; of Milwaukee in the State of Wisconsin; of St. Louis in the State of Missouri; of Omaha in the State of Nebraska;

(6) Or in the bonds of any other incorporated city located in any of the States mentioned in this Act, having not less than twenty thousand inhabitants, as ascertained by the United States or State Census, or any municipal census taken by authority of the State, next preceding such investment; *provided*, the amount of the bonds of said city, including the issue in which such investment is made and its proportion, based on the valuations contained in the assessment for taxation next preceding such investment, of the county and town debt, after deducting the amount of its water debt and the negotiable securities in the sinking funds which are available for payment of its bonds, does not exceed seven per centum of the valuation of property in said city as assessed for taxation next preceding such investment; *provided, always*, that the State or city issuing said bonds has not defaulted payment of any of its funded indebtedness or interest thereon within fifteen years next preceding the purchase of such bonds by the savings bank; but this Act shall not be held to authorize the investment of any funds in any "special assessment bonds" or "improvement bonds," so called, which are not direct and primary obligations of the city issuing the same;

(7) Or in the bonds of any railroad company organized under the laws of any of the States mentioned in this Act, and which bonds are secured by a first mortgage (as the only mortgage security) given by said railroad company upon some portion of the railroad owned by it, or given by a railroad company (a majority of the capital stock in which is owned by the railroad company issuing said bonds) upon some portion of the railroad owned by it but leased or operated by the railroad company issuing said bonds, and which portion of said railroad in either case shall be located wholly or in part in one or more of the States mentioned in this Act, *provided* the entire railroad of said company is located wholly within the United States; or in the consolidated bonds of any railroad company incorporated by this State and authorized to issue such bonds to retire the entire funded debt of said company; *provided*, that in every case the railroad company in the bonds of which an investment is made shall have paid each year, for a period of not less than five years next previous to such investment, in addition to the interest on its funded indebted-

ness, dividends of not less than four per centum per annum upon its entire capital stock outstanding; and *provided, further*, that said outstanding capital stock at the time of such investment equals or exceeds in amount one third of the entire outstanding issue of said bonds; also in the bonds of the following-named railroad corporations, viz:

SEC. 2—This Act shall take effect upon its passage.

It would seem according to the foregoing amendment of section 1800 that only forty per cent of the deposits and surplus of any savings bank may be employed on personal security, but that no limit is placed upon the amount which may be invested in the other securities mentioned in the section.

The subjoined sections, 1803, 1804, 1805 and 1806, provide certain *restrictions* with reference to loans—section 1803 restricting loans on Mortgage Security to Manufacturing Corporations and Ecclesiastical Societies; section 1804 restricting amount of loans to one party on personal security; section 1805 forbidding loans on single names.

SEC. 1803. No loan shall be made by any savings bank to any corporation or association or ecclesiastical society, secured by mortgage upon their property, unless the same shall be accompanied by the individual guarantee of some responsible party or parties, or by other collateral security of equal value to the amount of the sum loaned, and the directors or trustees of any such bank consenting to any loan contrary to the provisions of this section shall be held individually responsible to the full extent of such loan.

SEC. 1804. No savings bank having more than twenty-five thousand dollars deposits shall loan on personal security to any one person, company, or interest, more than three per cent of its deposits at the time of making such loan.

SEC. 1805. No savings bank shall buy, or lend any money upon, any obligation on which only one person or firm shall be holden, without taking additional security for the same equivalent to the guaranty or indorsement of some other responsible party.

Besides the ordinary safeguards which are in all savings bank laws there is one of no little importance that ought to aid materially in preventing incautious loans. We refer to the provision below.

SEC. 1806.—When any loan or investment is made by any savings bank, the names of the directors or trustees consenting thereto shall be entered upon the records of said bank, and said record shall be at all times open to the inspection of the corporators and auditors of said bank and the Bank Commissioners, and be *prima facie* evidence of the truth of the statements therein contained.

TRUST FUNDS—HOW LOANED OR INVESTED—We find in Section 495 of the General Statutes the following liberal provisions providing that trust funds may be loaned or invested in the same securities savings banks are authorized to invest in.

SEC. 495.—Trust funds, unless it is otherwise provided in the instrument creating the trust, may be loaned on the security of mortgages on unencumbered real estate in this State, double in value the amount loaned, or may be invested in such mortgages or in the bonds or loans of this State, or of any town, city, or borough of this State, or in any bonds, stocks, or other securities which the savings banks in this State are or may be authorized by law to invest in, or may be deposited in savings banks incorporated by this State.

CITIES, COUNTIES AND TOWNS IN THE STATE OF CONNECTICUT

NOTE.—For debts of minor civil divisions not found among the statements given below, see "Additional Statements" at the end of this State.

The relation which the towns, cities and boroughs of this State bear to one another is peculiar, and requires a word of explanation. The State is divided into eight counties, and these counties are made up of towns, numbering in the aggregate 167. The towns are the civil unit, and on the assessed valuation (which is called the "Grand List of each town") is levied the tax for State purposes as well as the tax for town expenditures. Within the town is often situated a city or a borough, or both, all of which may at the same time have bonds outstanding. There are ten cities, each with one exception bearing the same name as the town in which it lies. Of late several towns and cities whose limits were about identical have been consolidated and the outstanding bonds of both town and city are reported together without distinction. This is the case with the city and town of Hartford, which previous to April, 1896, reported their debts separately. The city and town of New London have been consolidated and also Bridgeport city and town. On December 7, 1897, city, town and school district of New Haven were likewise consolidated.

The borough stands in about the same relation to the town as does the city. The grand list as determined for the town is used by both the city and the borough in levying taxes, the city, for instance, putting a tax of its own on its share of the total grand list of the town. This tax is additional to the town tax. In some instances the schools are in the charge of school districts, which also are empowered to issue bonds and to levy a tax, so that to cover the total tax paid by a city it is necessary to take into account the State, town, city and school district levies. In the statements which follow we give under one heading the town and city, wherever they bear the same name, for though distinct corporations, their debts are to a greater or less extent the debts of a single community.

AGGREGATE MUNICIPAL INDEBTEDNESS.

The total indebtedness of all the towns, cities, boroughs and counties in the State was in 1900 $27,624 827 42. In the following table we show the funded indebtedness, the floating debt and the total indebtedness of all the civil divisions of the State at quadrennial periods:

HISTORY OF DEBT.—The historical details of New York's State debt from 1817 to 1894 will be found in the STATE AND CITY SUPPLEMENT of April, 1894, page 41.

During a period of eleven years ending in 1893 the State debt was paid at the average of $1,000,000 per year, and practically wiped out.

At the November election in 1895 the proposition to issue bonds of the State to the amount of $9,000,000, for the purpose of enlarging and improving the Erie Canal, the Champlain Canal, and the Oswego Canal, was submitted to the voters and carried. These bonds have all been issued to date, but nearly $500,000 have been paid off from the proceeds of the tax levied for a sinking fund, leaving outstanding Oct. 1, 1901, $8,500,660, which, with the $275,000 Comptroller's Certificates, $400,000 Adirondack Park Bonds and $900,000 Defense Bonds, a total of $10,075,660, constituted the State's indebtedness on Oct. 1, 1901.

DEBT LIMITATION—STATE.—The new Constitution has in some measure modified the provisions of the fundamental law restricting the power of the Legislature over the issue of debt, &c These provisions are found in Article 7. We give the sections of that article (Article 7) below which have reference to the subject.

State credit not to be given.—SECTION 1. The credit of the State shall not in any manner be given or loaned to or in aid of any individual, association or corporation.

State debts, power to contract.—SEC. 2. The State may, to meet casual deficits or failures in revenues, or for expenses not provided for, contract debts; but such debts, direct or contingent, singly or in the aggregate, shall not at any time exceed one million of dollars; and the moneys arising from the loans creating such debts shall be applied to the purpose for which they were obtained, or to repay the debt so contracted, and to no other purpose whatever.

State debts to repel invasions.—SEC. 3. In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection, or defend the State in war; but the money arising from the contracting of such debts shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

Limitation of legislative power to create debts.—SEC. 4. Except the debts specified in sections two and three of this article, no debts shall be hereafter contracted by or on behalf of this State, unless such debt shall be authorized by a law, for some single work or object, to be distinctly specified therein; and such law shall impose and provide for the collection of a direct annual tax to pay, and sufficient to pay, the interest on such debt as it falls due, and also to pay and discharge the principal of such debt within eighteen years from the time of the contracting thereof. No such law shall take effect until it shall, at a general election, have been submitted to the people, and have received a majority of all the votes cast for and against it at such election. On the final passage of such bill in either house of the Legislature, the question shall be taken by ayes and noes, to be duly entered on the journals thereof, and shall be: "Shall this bill pass, and ought the same to receive the sanction of the people?" The Legislature may at any time, after the approval of such law by the people, if no debt shall have been contracted in pursuance thereof, repeal the same; and may at any time, by law, forbid the contracting of any further debt or liability under such law, but the tax imposed by such act, in proportion to the debt and liability which may have been contracted, in pursuance of such law, shall remain in force and be irrepealable, and be annually collected, until the proceeds thereof shall have made the provision hereinbefore specified to pay and discharge the interest and principal of such debt and liability. The money arising from any loan or stock creating such debt or liability, shall be applied to the work or object specified in the act authorizing such debt or liability, or for the repayment of such debt or liability and for no other purpose whatever. No such law shall be submitted to be voted on, within three months after its passage, or at any general election when any other law, or any bill, or any amendment to the Constitution, shall be submitted to be voted for or against.

Sinking Fund, how kept and invested.—SEC. 5. The sinking funds provided for the payment of interest and the extinguishment of the principal of the debts of the State shall be separately kept and safely invested, and neither of them shall be appropriated or used in any manner other than for the specific purpose for which it shall have been provided.

DEBT LIMITATION.—CITIES, COUNTIES, TOWNS AND VILLAGES.—The new Constitution of New York State puts a general and uniform limit to the power of all counties and cities of the State to contract and put out their obligations, leaving to the Legislature to fix the debt making power of villages and towns only. These provisions are found in Article 8, Section 10. We give that section in full. The separation into paragraphs and the figures in parenthesis which number and begin the paragraphs are our own, we having inserted them so that those who need to refer to or use any particular portion can the more readily find the part desired. With that exception we give Section 10 of Article 8 as it reads, preserving even the punctuation.

(1) No county, city, town or village shall hereafter give any money or property, or loan its money or credit to or in aid of any individual, association or corporation, or become directly or indirectly the owner of stock in, or bonds of, any association or corporation; nor shall any such county, city, town or village be allowed to incur any indebtedness except for county, city, town or village purposes. This section shall not prevent such county, city, town or village from making such provision for the aid or support of its poor as may be authorized by law.

(2) No county or city shall be allowed to become indebted for any purpose or in any manner to an amount which, including existing

indebtedness, shall exceed ten per centum of the assessed valuation of the real estate of such county or city subject to taxation, as it appeared by the assessment rolls of said county or city on the last assessment for State or county taxes prior to the incurring of such indebtedness; and all indebtedness in excess of such limitation, except such as may now exist, shall be absolutely void, except as herein otherwise provided.

(3) No county or city whose present indebtedness exceeds ten per centum of the assessed valuation of its real estate subject to taxation, shall be allowed to become indebted in any further amount until such indebtedness shall be reduced within such limit.

(4) This section shall not be construed to prevent the issuing of certificates of indebtedness or revenue bonds issued in anticipation of the collection of taxes for amounts actually contained, or to be contained in the taxes for the year when such certificates or revenue bonds are issued and payable out of such taxes

(5) Nor shall this section be construed to prevent the issue of bonds to provide for the supply of water; but the terms of the bonds issued to provide the supply of water shall not exceed twenty years, and a sinking fund shall be created on the issuing of the said bonds for their redemption, by raising annually a sum which will produce an amount equal to the sum of the principal and interest of said bonds at their maturity.

(6) All certificates of indebtedness or revenue bonds issued in anticipation of the collection of taxes, which are not retired within five years after their date of issue, and bonds issued to provide for the supply of water, and any debt hereafter incurred by any portion or part of a city, if there shall be any such debt, shall be included in ascertaining the power of the city to become otherwise indebted.

(7) Whenever hereafter the boundaries of any city shall become the same as those of a county, the power of the county to become indebted shall cease, but the debt of the county at that time existing shall not be included as part of the city debt. [At the November 1899 election an amendment to the Constitution was adopted changing this paragraph to read as follows: Whenever the boundaries of any city are the same as those of a county, or when any city shall include within its boundaries more than one county, the power of any county wholly included within such city to become indebted shall cease, but the debt of the county heretofore existing shall not, for the purposes of this section, be reckoned as a part of the city debt.]

(8) The amount hereafter to be raised by tax for county or city purposes, in any county containing a city of over one hundred thousand inhabitants, or any such city of this State, in addition to providing for the principal and interest of existing debt, shall not in the aggregate exceed in any one year two per centum of the assessed valuation of the real and personal estate of such county or city, to be ascertained as prescribed in this section in respect to county or city debt.

By the terms of the foregoing section, Paragraph (1), every "County, City, Town or Village" is included in the prohibition against (1) loaning "its money or credit," (2) in becoming "directly or indirectly the owner of stock in or bonds of any association or corporation," and (3) in incurring "any indebtedness except for County, City, Town or Village purposes." Most of the other paragraphs include only Counties and Cities.

According to Paragraph (6) it seems that "any debt hereafter incurred by any portion or part of a city, if there shall be any such debt, shall be included in ascertaining the power of the city to become other wise indebted."

We would also call special attention to Paragraph (7), declaring that [as amended in 1899] whenever the boundaries of any city may be the same as those of a county or when any city shall include within its boundaries more than one county, "*the power of any county wholly included within such city to become indebted shall cease*, but the debt of the county heretofore existing shall not * * be reckoned as a part of the city debt."

In May 1886 the New York Court of Appeals decided at the end of a litigation begun in July 1885 *that the sinking fund was not a part* of the city debt within the meaning of the above provision of the Constitution limiting the creation of debt to 10 per cent of the assessed valuation of the real estate.

Towns and Villages are not limited in their debt-making power by the Constitution. Those municipalities will be governed by general or special statutes.

The 1895 Legislature passed an act "for the protection of bona fide purchasers and holders of coupon bonds and of municipal corporations against misfeasance, malfeasance or negligence of public officers." The full text of this law was published in the CHRONICLE of June 8, 1895, V. 60, p. 1023.

EXEMPTION FROM TAXATION.—There is one general New York statute with reference to exemption from taxation "for town, county, municipal or State purposes" of a class of bonds "issued by any village, city, town or county" in the State, which seems to have a wider application than is generally known. As originally passed in 1881 the exemption applied only to bonds issued to pay up or retire bonds "created to aid in the construction of any railroad." A new law was passed in 1886 (Chapter 316) making the tax exemption apply to "new bonds" issued under the act to retire any of the then "*present* bonded indebtedness of any village, city, town or county in this State." With reference to such new bonds the third section of the act of 1886 says: "All new bonds issued by any village, city, town or county in this State under the provisions of this act *shall be exempt* from taxation for town, county, municipal or State purposes until the period when they are made payable." In 1893 still another law was passed making the statute cover any bonded indebtedness. The law as it now stands will be found in editorial on page 4 of the April, 1894, SUPPLEMENT.

In addition to the foregoing there are special laws authorizing special issues that are exempt, but which we have not room to quote here. For New York City there is a general statute which directs how any of its bonds may be made exempt from city and county taxation. That statute is subjoined.

SEC. 137. The Commissioners of the "Sinking Fund of the City of New York for the redemption of the city debt," when duly authorized by ordinance of the Common Council, may, by concurrent resolution, direct that the bonds and stocks of said city, issued pursuant to law, after June ninth, eighteen hundred and eighty, shall be exempt from taxation by said city and by the county of New York, but not from taxation for State purposes; and all bonds and stocks issued pursuant to such authority shall be exempt from taxation accordingly, provided that said bonds and stocks shall not bear interest exceeding the rate of four and one-half per centum per annum. The bonds and stocks of the city of New York issued pursuant to the provisions of this section shall express upon their face the fact that they are exempt from taxation by the city and county of New York, but not from State taxation, and shall refer to this section, and to the ordinance of the Common Council, and the resolution of the Commissioners of the Sinking Fund authorizing their issue.

SAVINGS BANK INVESTMENTS—POWERS AND RESTRICTIONS.—In 1898 the New York Legislature passed an amendment to paragraph 6, Sec. 116, of the Savings Bank law of 1892. The amendment extended investments of savings banks to first mortgage railroad bonds the principal part of whose railroad is located within this State, and in 1899 the field of railroad investments was still further enlarged. In 1900 the Chicago & Alton RR. was added to the list and other changes made in paragraph 6 Section 118 was amended in 1901 and is given below as it now stands.

We give section 116 below as it stands with these amendments incorporated.

SEC. 116. *In what securities deposits may be invested.*—The trustees of any savings banks may invest the moneys deposited therein and the income derived therefrom only as follows:

1. In the stocks or bonds or interest-bearing notes or obligations of the United States, or those for which the faith of the United States is pledged to provide for the payment of the interest and principal, including the bonds of the District of Columbia.

2. In the stocks or bonds or interest-bearing obligations of this State, issued pursuant to the authority of any law of the State.

3. In the stocks or bonds or interest-bearing obligations of any State of the United States which has not within ten years previous to making such investment by such corporation defaulted in the payment of any part of either principal or interest of any debt authorized by the legislature of any such State to be contracted; and in the bonds or interest-bearing obligations of any State of the United States, issued in pursuance of the authority of the legislature of such State, which have, prior to the passage of this act, been issued for the funding or settlement of any previous obligation of such State theretofore in default, and on which said funding or settlement obligation there has been no default in the payment of either principal or interest since the issuance of such funded or settlement obligation, and provided the interest on such funded or settlement obligations has been paid regularly for a period of not less than ten years next preceding such investment.

4. In the stocks or bonds of any city, county, town or village, school district bonds and union free school district bonds issued for school purposes, or in the interest-bearing obligations of any city or county of this State, issued pursuant to the authority of any law of the State for the payment of which the faith and credit of the municipality is suing them are pledged.

5. In the stocks or bonds of the following cities: Boston, Worcester, Cambridge, Lowell, Fall River, Springfield and Holyoke, in the State of Massachusetts; St. Louis, in the State of Missouri; Cleveland, Cincinnati and Toledo, in the State of Ohio; Detroit and Grand Rapids, in the State of Michigan; Providence, in the State of Rhode Island; New Haven and Hartford, in the State of Connecticut; Portland, in the State of Maine; Philadelphia, Pittsburg, Alleghany, Reading and Scranton, in the State of Pennsylvania; Minneapolis and St. Paul, in the State of Minnesota; Des Moines, in the State of Iowa; Milwaukee, in the State of Wisconsin; Louisville, in the State of Kentucky; Paterson, Trenton, Newark and Camden, in the State of New Jersey; Baltimore, in the State of Maryland. If at any time the indebtedness of any of said cities, less its water debt and sinking fund, shall exceed seven per centum of its valuation for purposes of taxation, its bonds and stocks shall thereafter, and until such indebtedness shall be reduced to seven per centum of the valuation for the purposes of taxation, cease to be an authorized investment for the moneys of savings banks, but the superintendent of the banking department may, in his discretion, require any savings bank to sell such bonds or stocks of said city, as may have been purchased prior to said increase of debt.

6. In bonds and mortgages on unincumbered real property situated in this State, worth at least twice the amount loaned thereon. Not more than sixty-five per centum of the whole amount of deposits shall be so loaned or invested. If the loan is on unimproved and unproductive real property, the amount loaned thereon shall not be more than forty per centum of its actual value. No investment in any bonds and mortgage shall be made by any savings bank except upon the report of a committee of its trustees charged with the duty of investigating the same, who shall certify to the value of the premises mortgaged or to be mortgaged, according to their best judgment, and such report shall be filed and preserved among the records of the corporation. Also in the first mortgage bonds of any railroad corporation of this State, the principal part of whose railroad is located within this State; or of any railroad corporation of this and any other State or States connecting with and controlled and operated as part of the system of any such railroad corporation of this State, and of which connecting railroad at least a majority of its capital stock is owned by such a railroad corporation of this State, or in the mortgage bonds of any such railroad corporation of an issue to retire all prior mortgage debt of such railroad companies respectively; provided that at no time within five years next preceding the date of any such investment shall such railroad corporation of this State or such connecting railroad corporation respectively have failed regularly and punctually to pay the principal and interest of all its mortgage indebtedness, and in addition thereto regularly and punctually to have paid dividends upon all its outstanding capital stock during the preceding five years, at the rate of not less than four per centum per annum; and provided, further, that at the date of every such dividend the outstanding capital stock of such railroad corporation, or such connecting railroad company respectively shall have been equal to at least one-half of the total mortgage indebtedness of such railroad corporations respectively, including all bonds issued or to be issued under any mortgage securing any bond in which such investment shall be made. Also in the mortgage bonds of the following railroad corporations: The Chicago & North Western RR. Co., Chicago Burlington & Quincy RR Co., Michigan Central RR. Co., Illinois Central RR. Co., Pennsylvania RR. Co., Delaware & Hudson Canal Co., Delaware Lackawanna & Western RR. Co., New York New Haven & Hartford RR. Co., Boston & Maine RR. Co., Maine Central RR Co., the Chicago & Alton RR. Co. Provided that at the time of making such investment the said railroads shall have earned and paid regular dividends of not less than four per centum per annum in cash on all their issues of capital stock for the ten years next preceding such investment, and provided the capital stock of any of said railroad corporations shall equal or exceed in amount one-third of the par value of all its bonded indebtedness; and further provided that all bonds hereby authorized for investments shall be secured by a mortgage which is a first mortgage on either the whole or some part of the railroad and railroad property actually in the possession of and operated by such company; or that such bonds shall be mortgage bonds of an issue to retire all prior mortgage debt of such railroad company; also in the first mortgage bonds of the Fonda Johnstown & Gloversville RR. Co., or in the mortgage bonds of said railroad company of an issue to retire all prior mortgage debts of said railroad company, and provided the capital stock of said railroad company shall equal or exceed in amount one third of the par value of all its bonded indebtedness; and provided, also that such railroad be of standard gauge of four feet eight and one-half inches. Not more than twenty per centum of the whole amount of deposits of any bank shall be loaned or invested in railroad bonds, and not more than five per centum of the deposits of any bank shall be invested in the bonds of any one railroad. Street railroad corporations shall not be considered railroad corporations within the meaning of this subdivision.

[Under date of June 10, 1899, F. D. Kilburn, Superintendent of the State Banking Department, issued a circular naming the bonds in which savings banks may invest under the amendment of 1899. For list of such bonds see CHRONICLE, V. 68, p. 1111. In 1899, as above stated the Chicago & Alton was added to the list.] The opinion of Attorney General J. C. Davies, declaring the refunding bonds of the Chicago & Alton RR. Co. a legal investment for savings banks, will be found in full in the CHRONICLE V. 70, p. 1260.

7. In real property subject to the provisions of the next section.

It will be noted that subdivision 7 (the last paragraph of the above) refers to the "next section" for the provisions applicable. This reference is to section 117 of the law of 1892; we omit that section as it relates only to real estate. Sections 118, 119 and 120 of the law of 1892 (the first-mentioned section as amended in 1901) we subjoin.

SECTION 118. The trustees of every such corporation shall as soon as practicable invest the moneys deposited with them in the securities authorized by this article; but for the purpose of meeting current payments and expenses in excess of the receipts, there may be kept an available fund not exceeding ten per centum of the whole amount of deposits with such corporation, on hand or deposit in any bank in this State organized under any law of this State or of the United States, or with any trust company incorporated by any law of the State; but the sum so deposited in any one bank or trust company shall not exceed twenty-five per centum of the paid-up capital and surplus of any such bank or company; or such available fund, or any part thereof, may be loaned upon pledge of the securities or any of them named in subdivisions one, two, three, four and five of the preceding section but one, or upon the first mortgage bonds, or any of them, of the railroads mentioned and described in sub-division six of said preceding section but one, but not in excess of ninety per centum of the cash market value of such securities so pledged. Should any of the securities so held in pledge depreciate in value, after making any loan thereon, the trustees shall require the immediate payment of such loan or of a part thereof, or additional security therefor, so that the amount loaned shall at no time exceed 90% of the market value of the securities pledged for the same.

SECTION 119. Every such corporation may also deposit temporarily in the banks or trust companies specified in the last section the excess of current daily receipts over the payments, until such time as the same can be judiciously invested in the securities required by this article. Whenever it shall appear to the superintendent of banks that the trustees of any such corporation are violating the spirit and intent of this provision by keeping permanently uninvested all or an undue proportion of the moneys received by them, he shall report the facts to the Attorney-General, who shall proceed against such corporation in the manner provided in section eighty-two of this chapter.

SECTION 120. The trustees of any savings bank shall not loan the moneys deposited with them or any part thereof, upon notes, bills of exchange, drafts or any other personal securities whatever. In all cases of loans upon real property, a sufficient bond secured by a mortgage thereon, shall be required of the borrower, and all the expenses of searchers,* examinations and certificates of title or appraisal of value, and of drawing, perfecting and recording papers, shall be paid by the borrower.

HEMPSTEAD.—SMITH COX, Supervisor.

Hempstead is now a town in Nassau County, but was formerly a town in Queens Co. then including Far Rockaway, Hempstead, Inwood, Lawrence, Rockaway Beach and Seaford villages. On Jan. 1, 1898, that portion of the town lying "westerly of a straight line drawn from the southeasterly point of the town of Flushing through the middle of the channel between Rockaway Beach and Shelter Island, in the county of Queens, to the Atlantic Ocean," became part of New York City, under the Greater New York Charter. This boundary was changed by the Legislature in April, 1899, and the new boundary is that portion of the old town of Hempstead "bounded on the east and north by the east and north bounds of the former village of Far Rockaway, and on the east by a line drawn due north from the northwest corner of said village to the south line of the town of Jamaica, as it existed on the thirty-first day of December, 1897." The bonds given below are those remaining as a debt against the town after assigning to New York City the portion belonging to it according to a decision of the Supreme Court of the Third Judicial District at Albany Dec. 9, 1899. See V. 69, p. 1357.

Census of 1900, is 2,050,600; in 1890 the population of the old city of New York, comprising a somewhat smaller area than that of the present boroughs of Manhattan and the Bronx, was 1,515,301. On the basis of the present territory, population then was 1,529,301. See V. 71, p. 408. In 1880 New York City's population was 1,206,299; in 1870 it was 942,292.

BOROUGH OF BROOKLYN.

CITY OF BROOKLYN.

The old city of Brooklyn covered the entire area of the county of Kings, the county government being consolidated with that of the city on January 1, 1896, under the provisions of Chapter 954 of the Laws of 1895. Under the provisions of this act "the debt of the said county shall not be deemed to be or be included as a part of the debt of the City of Brooklyn, within the meaning of the provision of the Constitution of the State of New York limiting the power of cities to incur indebtedness." [See CHRONICLE, vol. 62, p. 49.] The towns of Flatbush, New Utrecht and Gravesend were annexed to the City of Brooklyn in 1894 and the town of Flatlands became a ward of the city on the first day of January, 1896.

The debt of the county of Queens is reported under the county's own name on a subsequent page; the amount of the original debt which was chargeable to the city of New York was adjudicated finally to be $3,796,032 11, leaving $1,011,967 89 as Nassau County's share of the old indebtedness. QUEENS CO.—Chas. L. Phipps, Treasurer.

County seat is Long Island City. A good part of the old County of Queens is now included in the Greater New York, and a law changing the name of that portion of the old county *outside* of Greater New York to Nassau County went into effect January 1, 1899. The amount of the outstanding bonds of this county which will be chargeable to the city of New York has been finally determined by the Supreme Court (V. 71, p. 875.) Under this decision the city of New York is liable for $3,796,032 11 of the old debt of Queens County as it stood at the date of division and the remaining $1,011,967 89 becomes an obligation of Nassau County. Instead of apportioning certain bonds to New York City and to Nassau County, the debt and interest will not be divided, but will be paid by New York City, Nassau County paying over its proportion as it becomes due. New York City pays ·78952414973 of the principal and interest as it becomes due, and Nassau County ·21047585027.

The statement below shows the obligations of the old County of Queens which remained outstanding on Sept. 1, 1901.

HISTORY OF DEBT.—New Jersey has always been a conservative State; there are consequently no facts out of which to construct a history of debt issues. In a report made in 1838 the financial officer of the State affirmed that New Jersey had put out no obligations of any kind or loaned its credit to any company. The Constitution of 1844 forbade the creating of a State debt exceeding one hundred thousand dollars *except* for purposes of war, &c., as will more fully appear in the item below with respect to "debt limitation." This exception, under which it was allowable to exceed the hundred-thousand-dollar limit became operative on the occasion of the breaking out of our Civil War. Quite a debt was created at that period; the small amount the State now owes is the remnant of those war issues. The details are as follows.

LOANS— NAME AND PURPOSE.	Interest. Rate.	Interest. Payable.	Principal. When Due.	Principal. Outstand'g.
War loan	6	J & J	Jan. 1, 1902	71,000

INTEREST is payable in Jersey City and Trenton.

TOTAL DEBT.—The total bonded debt of the State on April 1, 1901, was $71,000, not including $48,000 certificates issued to the Commissioners of the Agricultural College under Act approved June 13, 1895. At previous dates it was:

Nov. 1, 1900	$71,000	Nov. 1, 1896	$593,400
Nov. 1, 1899	71,000	Nov. 1, 1895	660,400
Nov. 1, 1898	194,000	Nov. 1, 1894	735,400
Nov. 1, 1897	394,000	Nov. 1, 1880	1,996,300

On Nov. 1, 1900, the cash balance on hand was $2,005,222 16.

ASSESSED VALUATION.—The assessed valuation, etc., has been

1900	$891,237,286	1894	$774,398,332	1882	$534,917,876
1899	864,516,527	1892	742,759,082	1880	518,617,518
1898	844,354,193	1890	649,979,700	1878	531,851,849
1897	812,609,090	1888	603,676,953	1876	596,833,707
1896	794,428,048	1886	573,256,303	1874	619,057,903
1895	786,998,070	1884	554,828,114		

In addition to the above the valuation of railroad and canal property in 1899 was $222,216,534 and in 1900 $223,384,249.

DEBT LIMITATIONS.—The provisions of law limiting and regulating the debt-making power in New Jersey will be better understood and the information will be made more serviceable to the investor if arranged in accordance with the civil divisions to which the provisions apply.

(1) *THE STATE* is restricted as to its debt-making power by the State Constitution. In Article IV, Section VI, paragraphs 3 and 4, the whole subject is disposed of. The third paragraph forbids a loan of the State's credit, and the fourth paragraph forbids the creation of debt. These provisions are as follows.

3. The credit of the State shall not be directly or indirectly loaned in any case.

4. The Legislature shall not in any manner create any debt or debts, liability or liabilities of the State, which shall singly or in the aggregate with any previous debts or liabilities at any time exceed one hundred thousand dollars, except for purposes of war, or to repel invasion, or to suppress insurrection, unless the same shall be authorized by a law for some single object of work, to be distinctly specified therein; which law shall provide the ways and means, exclusive of loans, to pay the interest of such debt or liability as it falls due, and also to pay and discharge the principal of such debt or liability within thirty-five years from the time of the contracting thereof, and shall be irrepealable until such debt or liability and the interest thereon are fully paid and discharged; and no such law shall take effect until it shall, at a general election, have been submitted to the people, and have received the sanction of a majority of all the votes cast for and against it at such election; and all money to be raised by the authority of such law shall be applied only to the specific object stated therein, and to the payment of the debt thereby created. This section shall not be construed to refer to any money that has been, or may be, deposited with this State by the Government of the United States.

According to the foregoing (4th paragraph), the power of the State for making debt is limited to $100,000, except (1) for purposes of war etc., and (2) when the authorization is for some single object of work specified therein, etc. In the latter case the mode of procedure is, as will be seen, given in the same paragraph of the Constitution.

(2) *CITIES, COUNTIES, TOWNS, Etc.*, are also restricted in the making of certain kinds of debt by Article I, paragraphs 19 and 20, of the Constitution. We give the paragraph in full.

19. No county, city, borough, town, township or village shall hereafter give any money or property, or loan its money or credit, to or in aid of any individual, association or corporation, or become security for or be directly or indirectly the owner of any stock or bonds of any association or corporation.

20. No donation of land or appropriation of money shall be made by the State or any municipal corporation to or for the use of any society, association or corporation whatever.

It will be noted that the above prohibition relates to the giving of money, property or credit of cities, &c., to individuals, associations, or corporations, &c., and that the prohibition is absolute, forbidding the doing of such acts in any form, shape or manner. There is one other restriction of the State Constitution, and that is found in Article IV. Section VII., paragraph 11, which forbids the Legislature passing any *special* laws "regulating the internal affairs of *towns and counties*"; in this and in all other cases in which according to the judgment of the Legislature general laws are feasible, the Constitution states that general laws must be provided.

In compliance with this last provision the Legislature has passed many general laws covering bonded indebtedness of cities, towns, etc. They are so numerous they cannot be cited here. We would refer the reader to the Revised Statutes of New Jersey published in 1896 under the heading "Municipal Bonds" pages 693 to 716 both inclusive; and also to the same heading ("Municipal Bonds") pages 2220, etc.

TAX EXEMPTION.—The State of New Jersey passed in 1893 a general statute which exempts from taxation the bonds, securities and other evidences of indebtedness of municipal corporations; the provision covers not only the bonds, etc., to be hereafter issued, but those as well that have been heretofore issued. It is a sweeping statute, and one which is of decided interest to the holders of the municipal securities of the State. The full text of it may be found in the STATE AND CITY SUPPLEMENT for October, 1898, page 58.

POPULATION OF STATE.—Population has been as follows.

1900	1,883,669	1870	906,096	1840	373,306
1890	1,444,933	1860	672,035	1830	320,823
1880	1,131,116	1850	489,555	1820	277,426

SAVINGS BANKS' INVESTMENTS—POWERS AND RESTRICTIONS.—The last *general* savings bank law of New Jersey was passed in 1876. Since then the legislative tendency in the matter of investments has been in the direction of allowing the management of these institutions a wider choice and a larger discretion. In 1878 the limits of the 1876 law were broadened in several particulars by a new act of two sections, the first taking the place of section 26 of the act of 1876. In 1886 still another law was passed in place of the first section of the law of 1878. Again in 1889 an act was passed extending materially the provisions of section two of the law of 1878, which covered the same subject matter contained in section 29 of the original law of 1876, and thereby section 26 of the law of 1876 was superseded by the law of 1886, and section 29 was superseded by the law of 1889. In 1901 Section two was further amended in the way specified below. In 1896 a supplement approved March 30, 1896 (Chapter 139, laws of 1896) to the law of 1876, making school district bonds an authorized investment, went into effect. In 1897 an act was passed (approved April 9) authorizing investments in bonds issued by commissioners appointed by the Supreme Court of the State. In 1899 a further supplement extending the permissible line of municipal investments so as to include the bonds of townships and boroughs was approved March 24. An attempt to add such securities to the list was made in 1898, but the measure then failed to receive the approval of the Governor. The 1899 law is as follows:

SECTION 1. It shall be lawful for any savings bank in this State to invest its funds in the bonds of any city, county, town or township of this State issued pursuant to the authority of any law of this State, or in the bonds of any borough or village or school district of this State issued pursuant to the authority of any law of this State; *provided*, such borough, village or school district shall not, within the ten years next preceding, have defaulted in the payment of any part of either principal or interest of any legal debt or obligation thereof; *and provided further*, that the total indebtedness of any such borough or village does not exceed ten per centum of its assessed valuation, and such school district bonds are by law charged upon all the property of the inhabitants of such district, or in any interest-bearing obligation (other than obligations commonly known as improvement certificates) issued by the city, county, town, township, borough or village in which such bank or institution is situated.

The following is the law of 1897 (approved April 9, 1897):

"Sec. 1. It shall be lawful for any bank, trust company, savings bank or savings institution * * * incorporated under the laws of this State, to invest moneys belonging to or deposited with any such companies in any bonds authorized by the laws of this State to be issued by any commission appointed by the Supreme Court of this State by virtue of any law of this State."

We omit the law of 1896 with reference to school district bonds because its provisions are included in the laws of 1899, quoted above.

Next we give the leading provisions of the general law as to investments.

SECTION 1. That the first section of the act of which this is a supplement be and the same is hereby amended so as to read as follows:

That it shall not be lawful, from and after the passage of this act, for any savings bank or other savings institution, whether chartered or incorporated under a general or special act of the legislature of this State, and any provision contained in the charter, or any supplement thereto, of such savings bank or savings institution to the contrary, to invest the moneys deposited with the same in any manner, except as follows, to wit:

I. In the stocks or bonds or interest-bearing notes or obligations of the United States, or those for which the faith of the United States is distinctly pledged to provide for the payment of the principal and interest thereof;

II. In the interest-bearing bonds of this State;

III. In the bonds of any State in the Union that has not, within ten years previous to making such investment by any such bank or institution, defaulted in the payment of any part of either principal or interest of any debt authorized by any legislature of such State to be contracted.

IV. In the stocks or bonds of any city, town, county or village of this State, issued pursuant to the authority of any law of this State, or of the cities of New York, Brooklyn and Philadelphia, or in any interest-bearing obligations (other than those commonly known as improvement certificates) issued by the city, town or borough in which such bank or institution shall be situated; *(See below for provision including the bonds of* certain cities and counties of *any* State in the U. S).

V. In bonds secured by mortgages which shall be a first lien on real estate situate in this State, and worth at least double the amount loaned thereon, but not to exceed eighty per centum of the whole deposits shall be so loaned or invested; but in case the loan is on unimproved or unproductive real estate, the amount loaned thereon shall not be more than thirty per centum of its actual value; and no investment in any bond and mortgage shall be made by any savings bank, except upon the report of a committee of at least three of the managers, directors or trustees of any such bank or institution, and a majority of which committee shall certify to the value of the premises mortgaged, or to be mortgaged, according to their best judgment; such report shall be filed and preserved among the records of the institution;

VI. In real estate strictly in accordance with the following provisions.

We do not reprint the real estate provisions, as they cover a matter not germane to our present subject. It is sufficient to say that they are two in number, marked *(a)* and *(b)*, and may be summarized as below:

(a) authorizes the holding of a plot for erection of a banking building or buildings, portions of which may be rented, but the cost of lot and buildings must not exceed 50% of the net surplus of the corporation; *(b)* all purchases under foreclosure sales upon mortgages owned by the corporation or sales under judgments or decrees obtained for debts due, etc.; and all such real estate must be sold within five years unless, on application to the State Board having supervision of Savings Banks, time shall be extended.

But the character of permissible investments was further greatly enlarged by the law of 1886, which is as follows:

SECTION 1. That it shall be lawful for any savings bank or savings institution, incorporated under any law of this State, to invest moneys deposited with it in the bonds of any city or county of any State of the United States of America, which have been or may be issued pursuant to the authority of any law of any such State; *provided*, no such city or county has, within ten years previous to making such investment by any such savings bank or savings institution of this State, defaulted in the payment of any part of either principal or interest of any debt authorized by law of such State to be contracted; *and provided, further*, that the total indebtedness of any such city or county is limited by law to ten percentum of its assessed valuation.

By another act the banks also have the right to *invest in railroad bonds* under certain restrictions. The authorization was given by Section 2 of an act approved February 22, 1888. Subsequently (April 27, 1888,) this Section 2 was repealed. On March 27, 1889, however, it was again re-enacted. The section is as follows:

SECTION 2. That it shall be lawful for any savings bank in this State to invest its funds in first mortgage bonds of any railroad company which has paid dividends of not less than four per centum per annum regularly, on their entire capital stock, for a period of not less than five years next previous to the purchase of such bonds, or in any consolidated mortgage bonds of any such company authorized to be issued to retire the entire bonded debt of such company.

The other law referred to above passed in 1889 amending section 2 of the law of 1878 is as below. It relates to *loans on collaterals*. As noted above, a slight but very important alteration in the phraseology of this section was made by a law approved March 22, 1901, and which forms chapter 148 of the laws of 1901. The new words introduced are indicated by brackets [ ] below.

SECTION 2. Hereafter it shall not be lawful for any saving institution in this State to loan the money on deposit with the same, or any part thereof, upon notes, bills of exchange or drafts, excepting upon the additional pledge of collateral security or securities, which collateral security or securities shall be of the same nature and character as those in which the money deposited may be invested as directed in the first section of this Act, or the capital stocks of national and State banks, or [the capital stock or bonds of] other corporations of this State, which have not defaulted in the payment of interest [or] dividends within two years next preceding the time of such loan, and then only to the extent of *eighty* per centum of the *market* value of such collaterals: *provided*, that the total amount of such loans shall not exceed fifteen per centum of the total deposits held by such institution.

In addition to the foregoing (according to section 27 of the general law of 1876) the managers can keep on hand or on deposit in any bank in the State, or in any trust or safe deposit company in New Jersey, New York or Pennsylvania, an available fund of not exceeding ten per cent of the whole amount of deposits with such corporation, or loan the same on pledge of the securities named in the first section cited above. Also (according to section 28 of the general law of 1876) they can deposit temporarily in banks the excess of daily receipts over payments until such time as they may be judiciously invested.

JERSEY CITY.—EDWARD HOOS, Mayor. ROBERT S. JORDAN, Comptroller.

Jersey City formerly suffered greatly from difficulty in collecting taxes and assessments. Under the Martin Act, however, passed some years ago by the Legislature, arrears of taxes are made liens on the property, and if not paid within three years the property can be sold to satisfy them. The city has also succeeded in adjusting the taxes with the railroads, and the latter now pay into the treasury about $225,000 annually. On Feb. 13, 1900, the citizens authorized the purchase of a water plant (now building) for the sum of $7,595,000. V. 70, p. 344. No bonds have yet been issued for this purpose. Jersey City is in Hudson County.

RAHWAY.—{CHAS. B. HOLMES, Mayor. R. VANDERHOVEN, Treasurer.

This city, of Union County, was declared bankrupt in 1882, and a compromise of the debt exclusive of the water debt ($185,000) was forthwith agreed to with most of the leading creditors at 35 cents on the dollar, the debt, exclusive of water debt, then amounting to about $1,200,000. This settlement was completed in 1894, and interest is now paid promptly on the new bonds. The water bonds were renewed in 1891 at 4 per cent, an agreement having been made in 1890 by which all accrued interest at 7 per cent was adjusted at the 35 per cent rate. Interest on the water bonds is also promptly paid.
